ZARMEEN GARDENS · REAL ESTATE ERP · GUIDE

Process flow & DFD

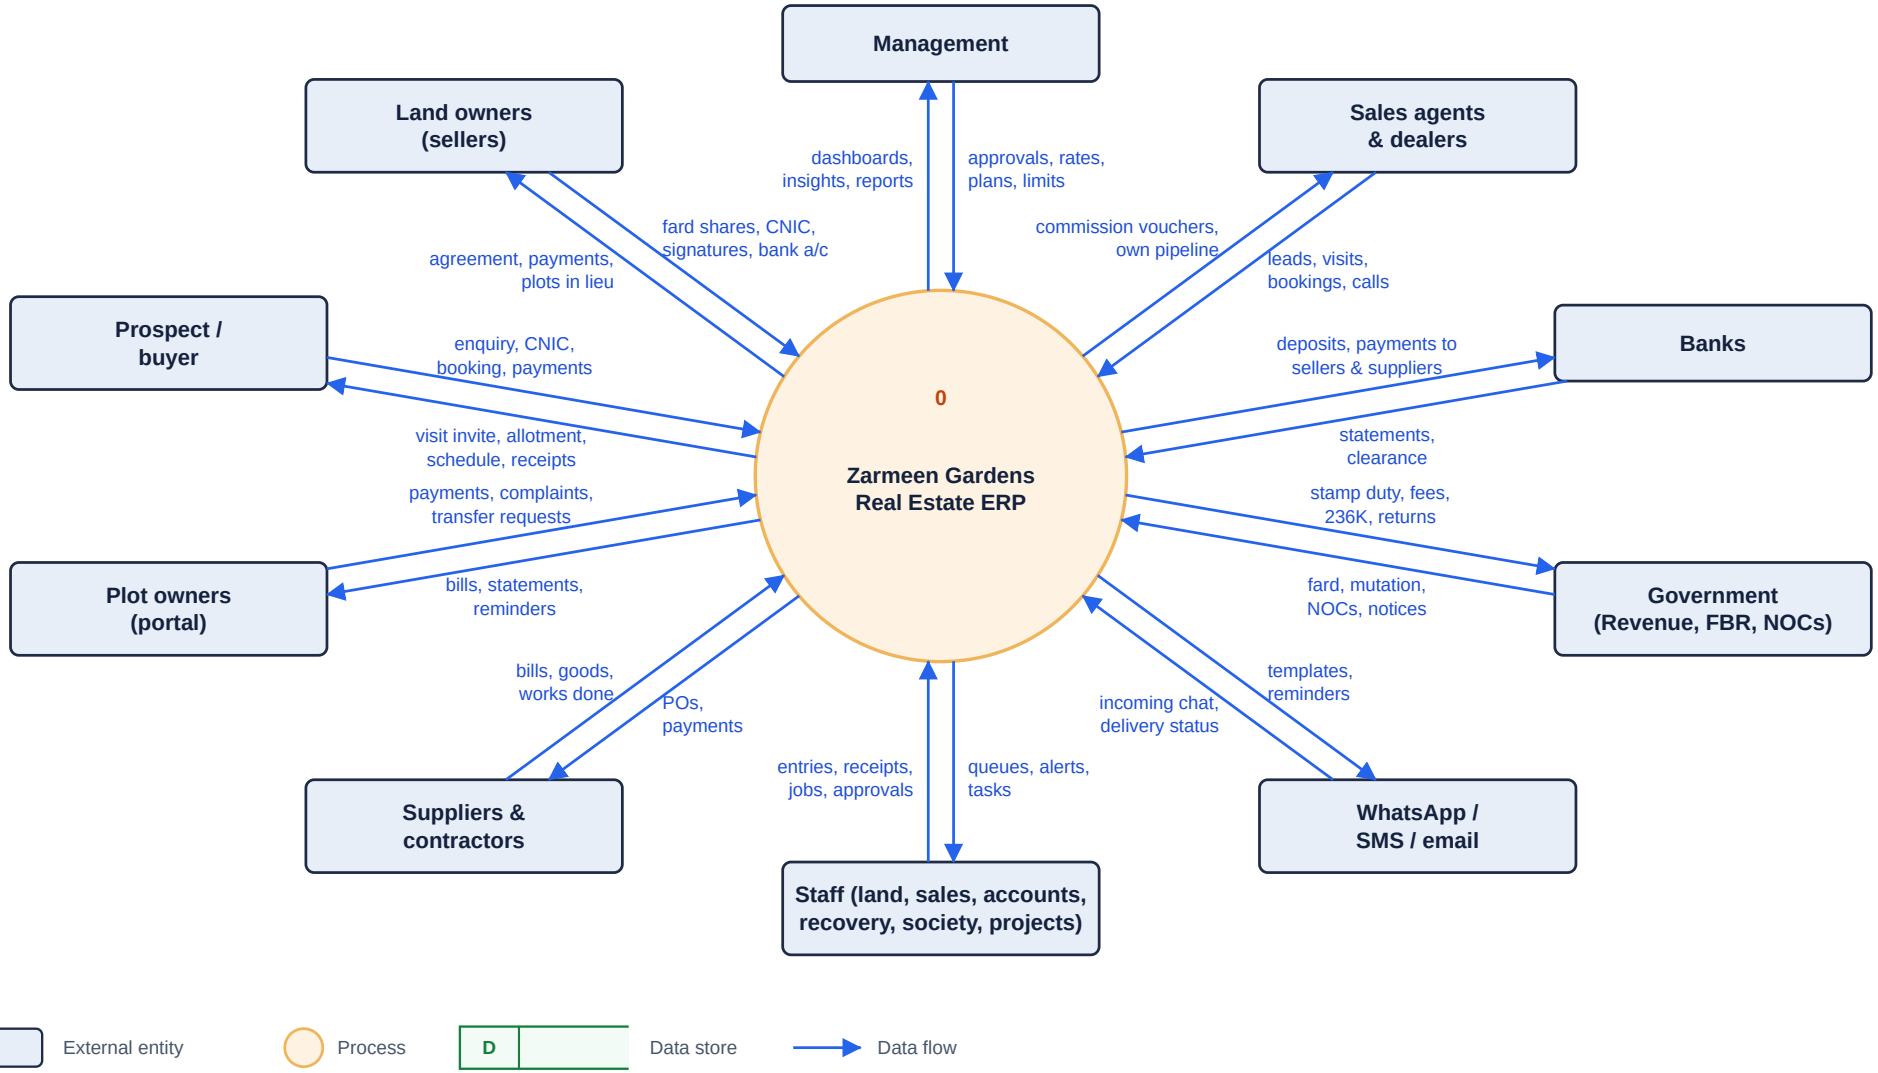

The whole system as data flow diagrams (level 0 and level 1), the process flows from khasra to collected installment and of land purchase, and a level 0 / level 1 pair for every area: land, sales, collections, post-sale, society and development.

Circles are processes, light-blue boxes are people or systems outside the ERP, green open boxes are data stores (D1–D8), arrows are data flows.

1. DFD level 0 — Zarmeen Gardens Real Estate ERP (context)
2. DFD level 1 — Zarmeen Gardens Real Estate ERP
3. Process flow — from khasra to collected installment
4. DFD level 0 — land acquisition (Module 0)
5. DFD level 1 — land acquisition
6. Land purchase process flow
7. DFD level 0 — sales & booking
8. DFD level 1 — sales & booking
9. DFD level 0 — collections & recovery
10. DFD level 1 — collections & recovery
11. DFD level 1 — post-sale operations
12. DFD level 0 — society & maintenance
13. DFD level 1 — society & maintenance
14. DFD level 1 — development, stock & assets

DFD level 0 — Zarmeen Gardens Real Estate ERP (context)

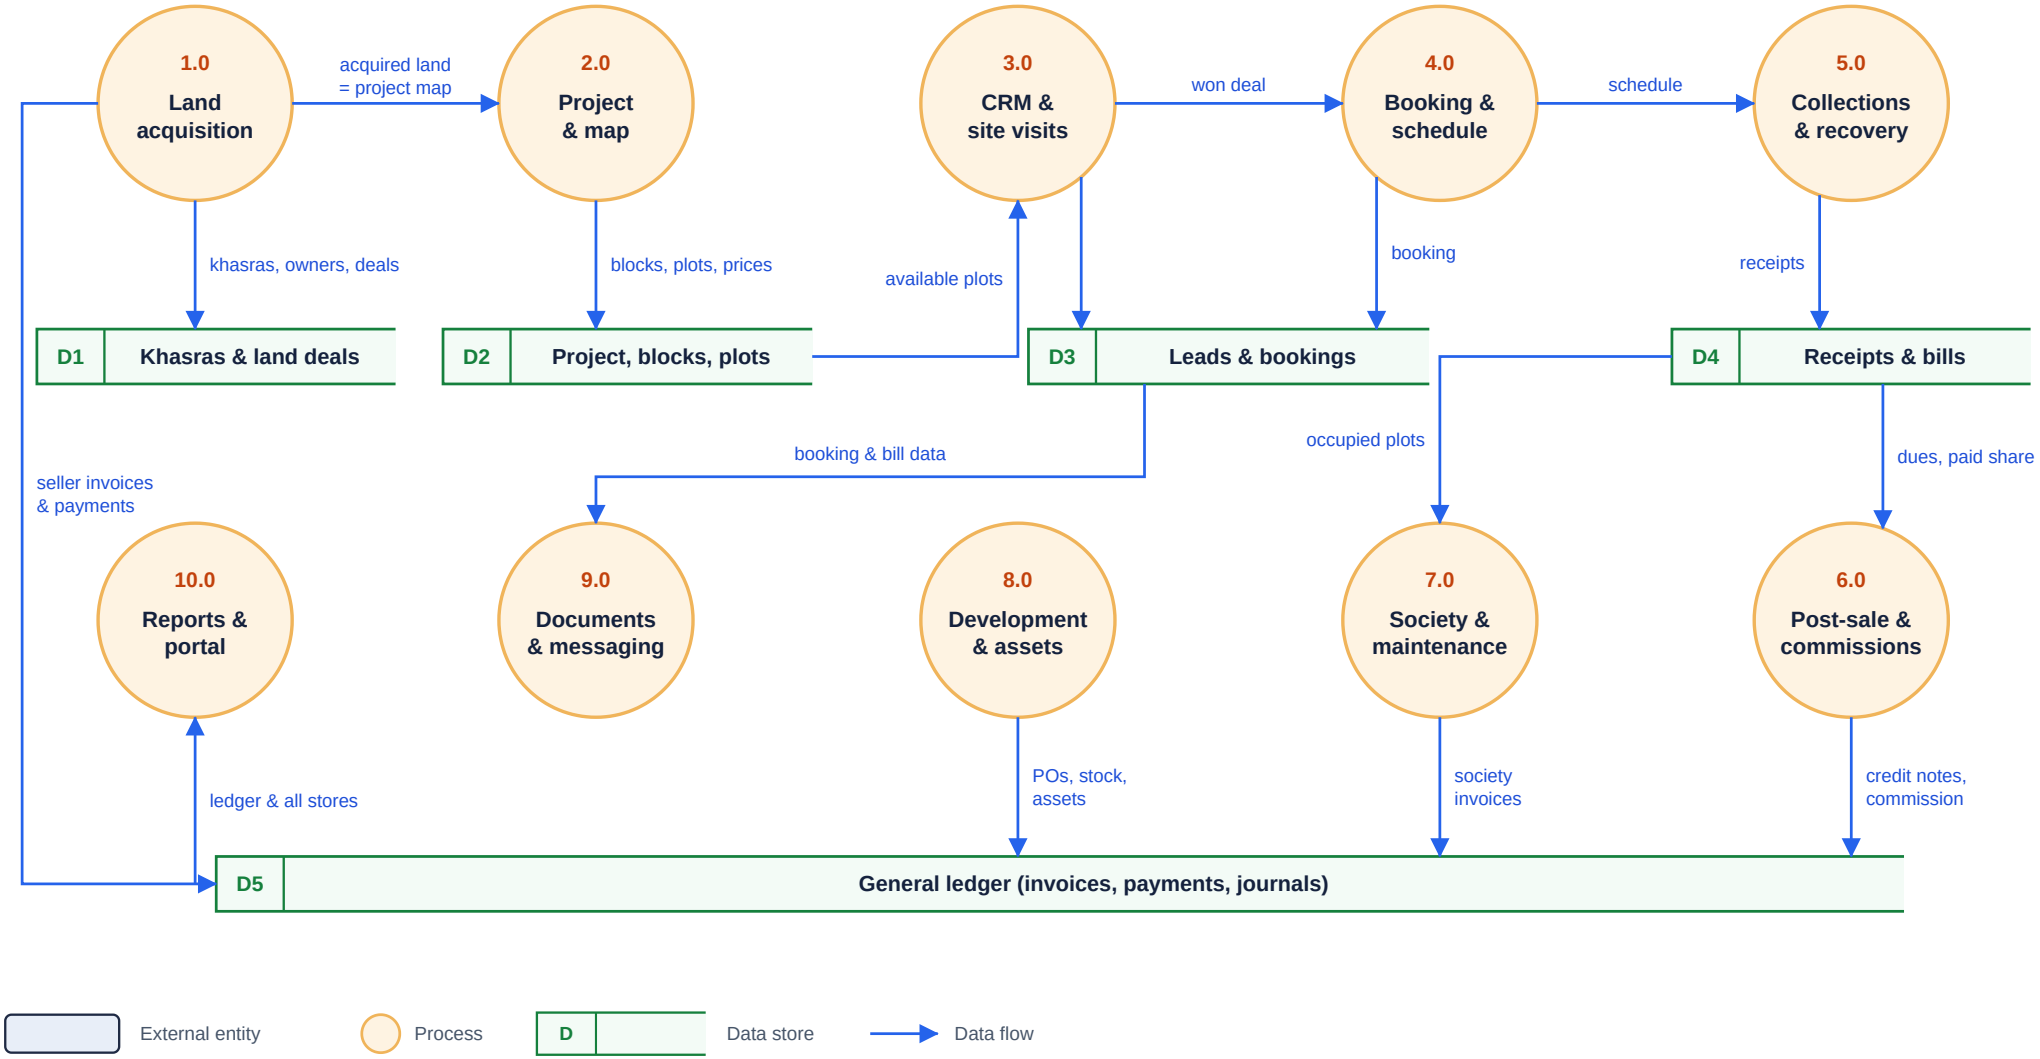

Everyone outside the system and what passes between them

1 · DFD level 0 — the whole ERP in context: land owners, buyers, plot owners, agents, management, banks, government, suppliers, messaging and staff.

DFD level 1 — Zarmeen Gardens Real Estate ERP

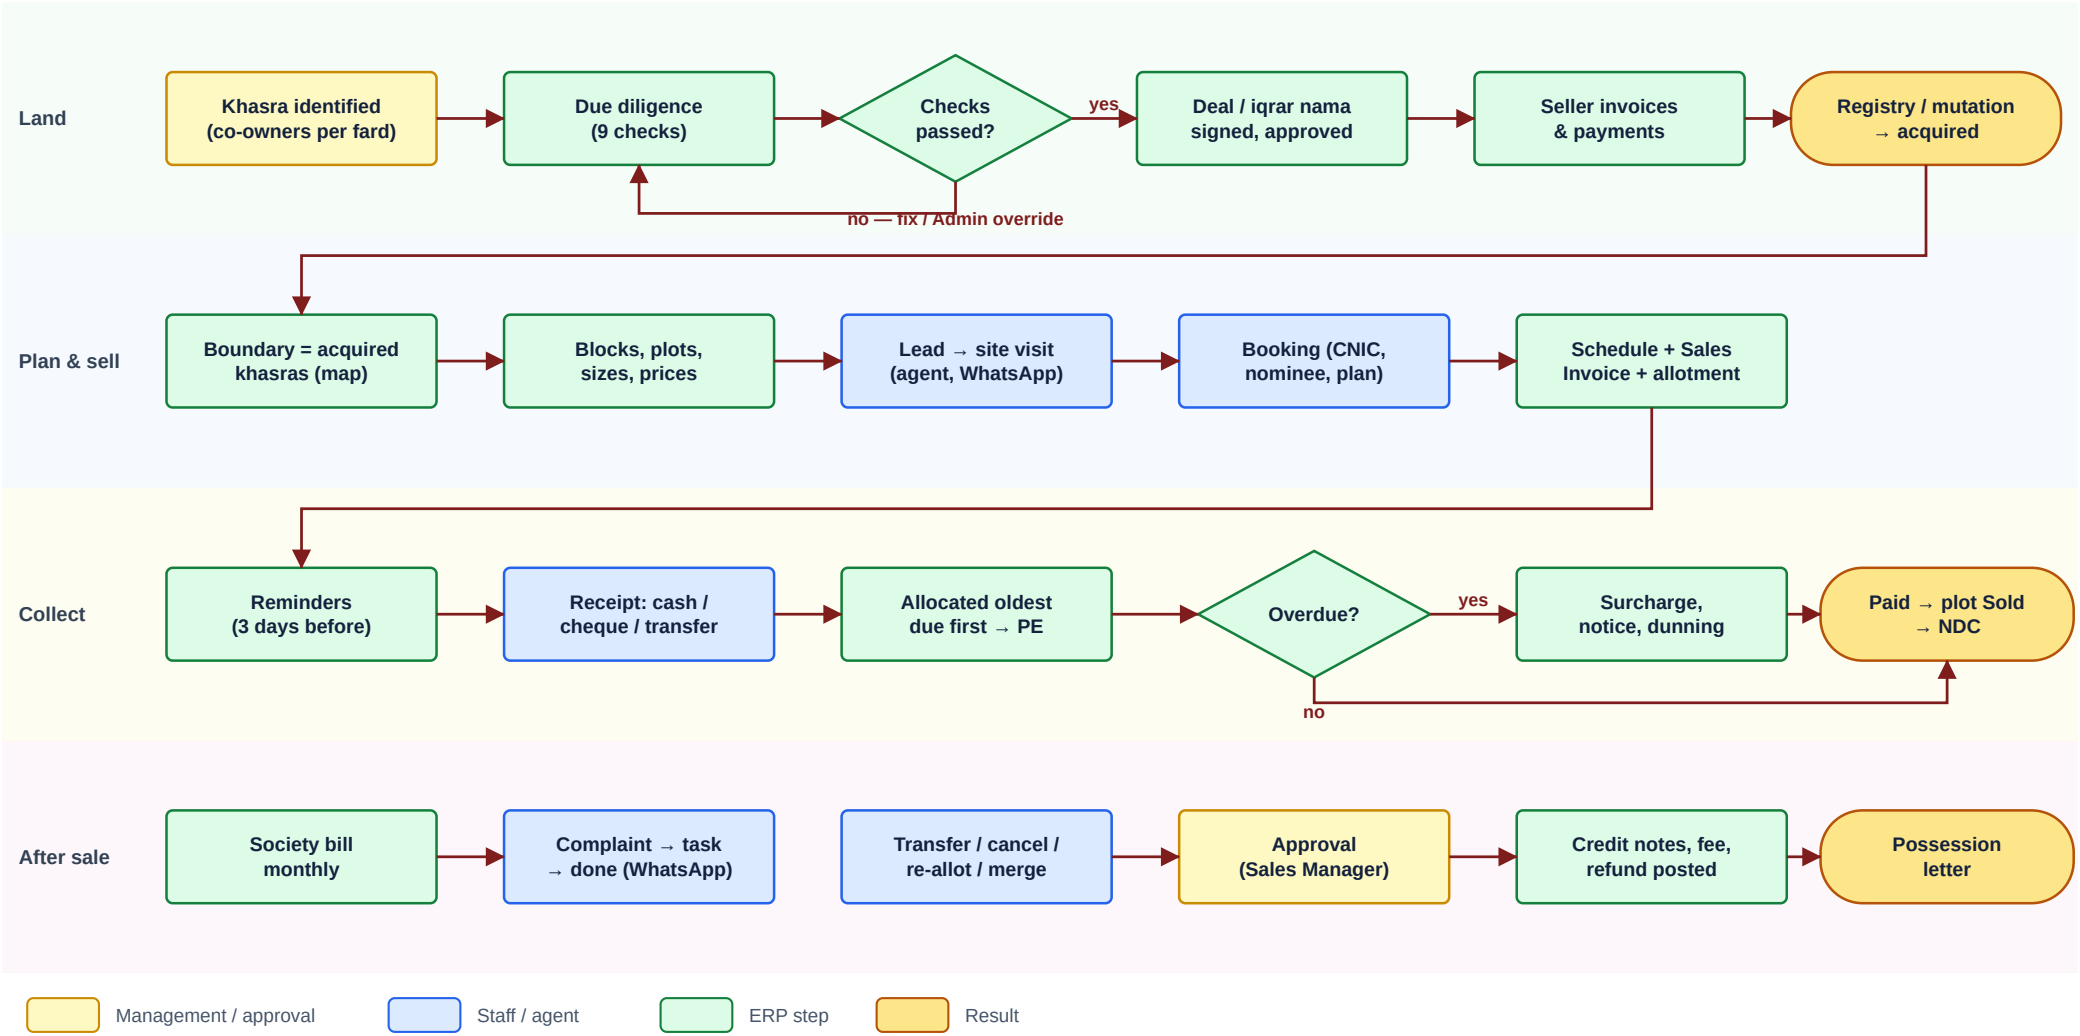

1–5 land in, plots sold, money collected · 6–10 after the sale, society, cost, reports

2 · DFD level 1 — the whole ERP: land acquisition → project & map → CRM → booking → collections, then post-sale, society, development, documents and reports.

Process flow — from khasra to collected installment

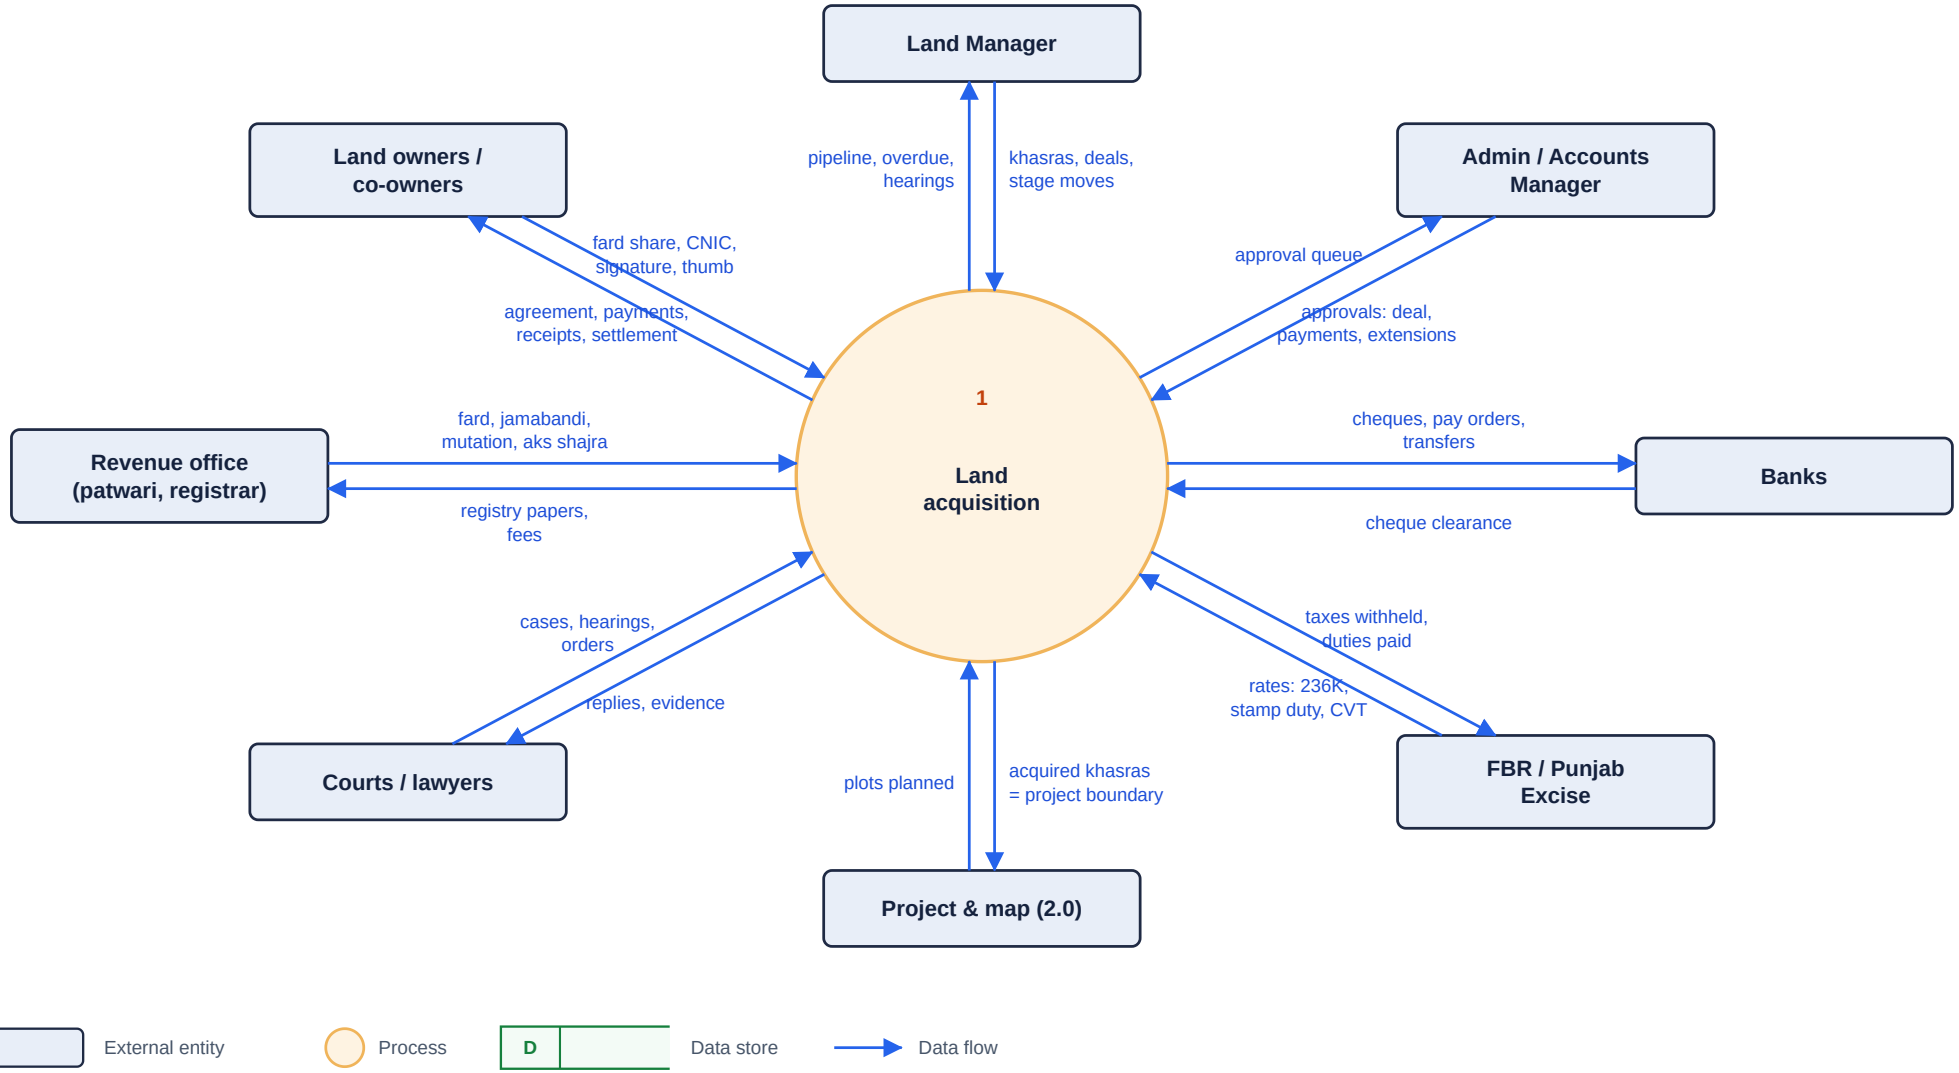

Zarmeen Gardens Real Estate ERP

3 · Process flow — land is acquired before it is plotted; plots are sold, installments collected and post-sale changes approved.

DFD level 0 — land acquisition (Module 0)

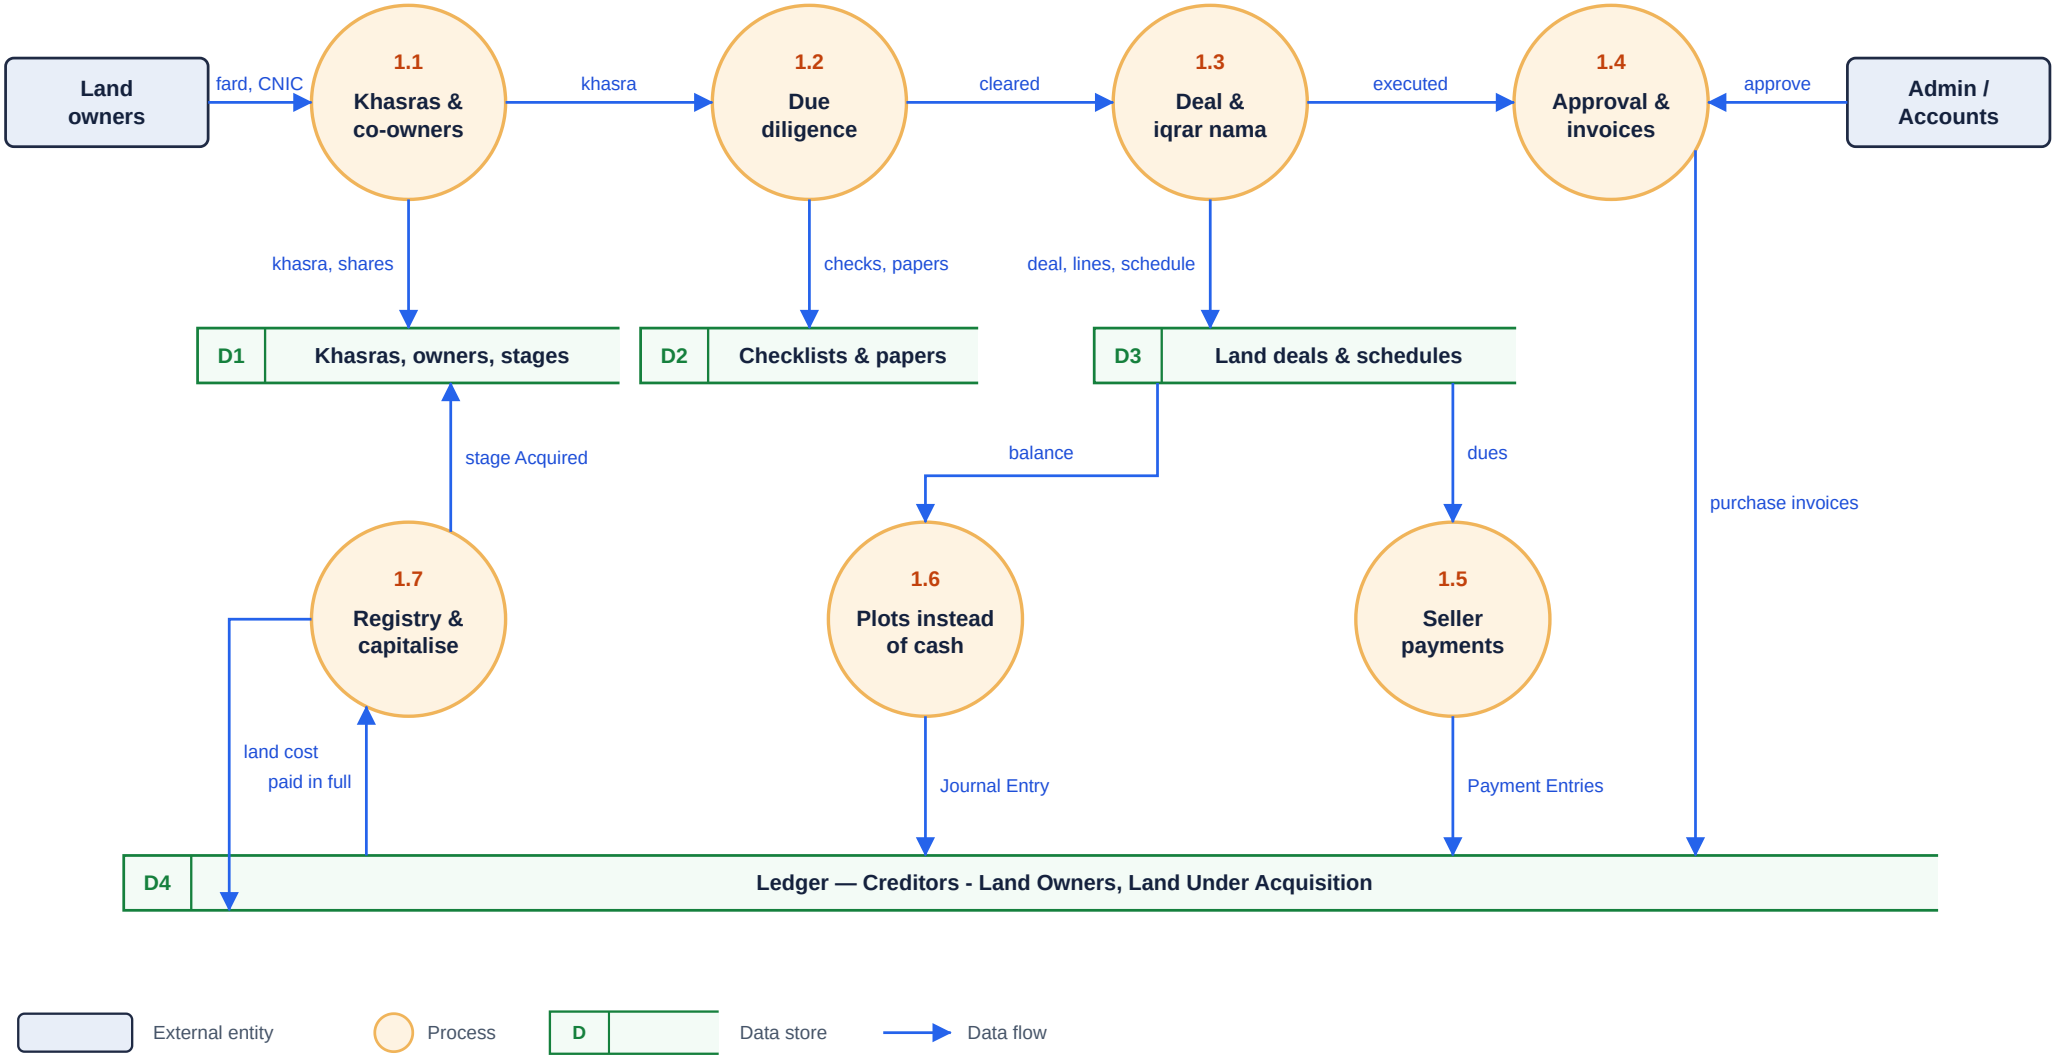

Khasras, sellers, deals, payments, papers and courts

4 · DFD level 0 — land acquisition in context: land owners, the Land Manager, approvers, revenue office, banks, courts, FBR and the project map.

DFD level 1 — land acquisition

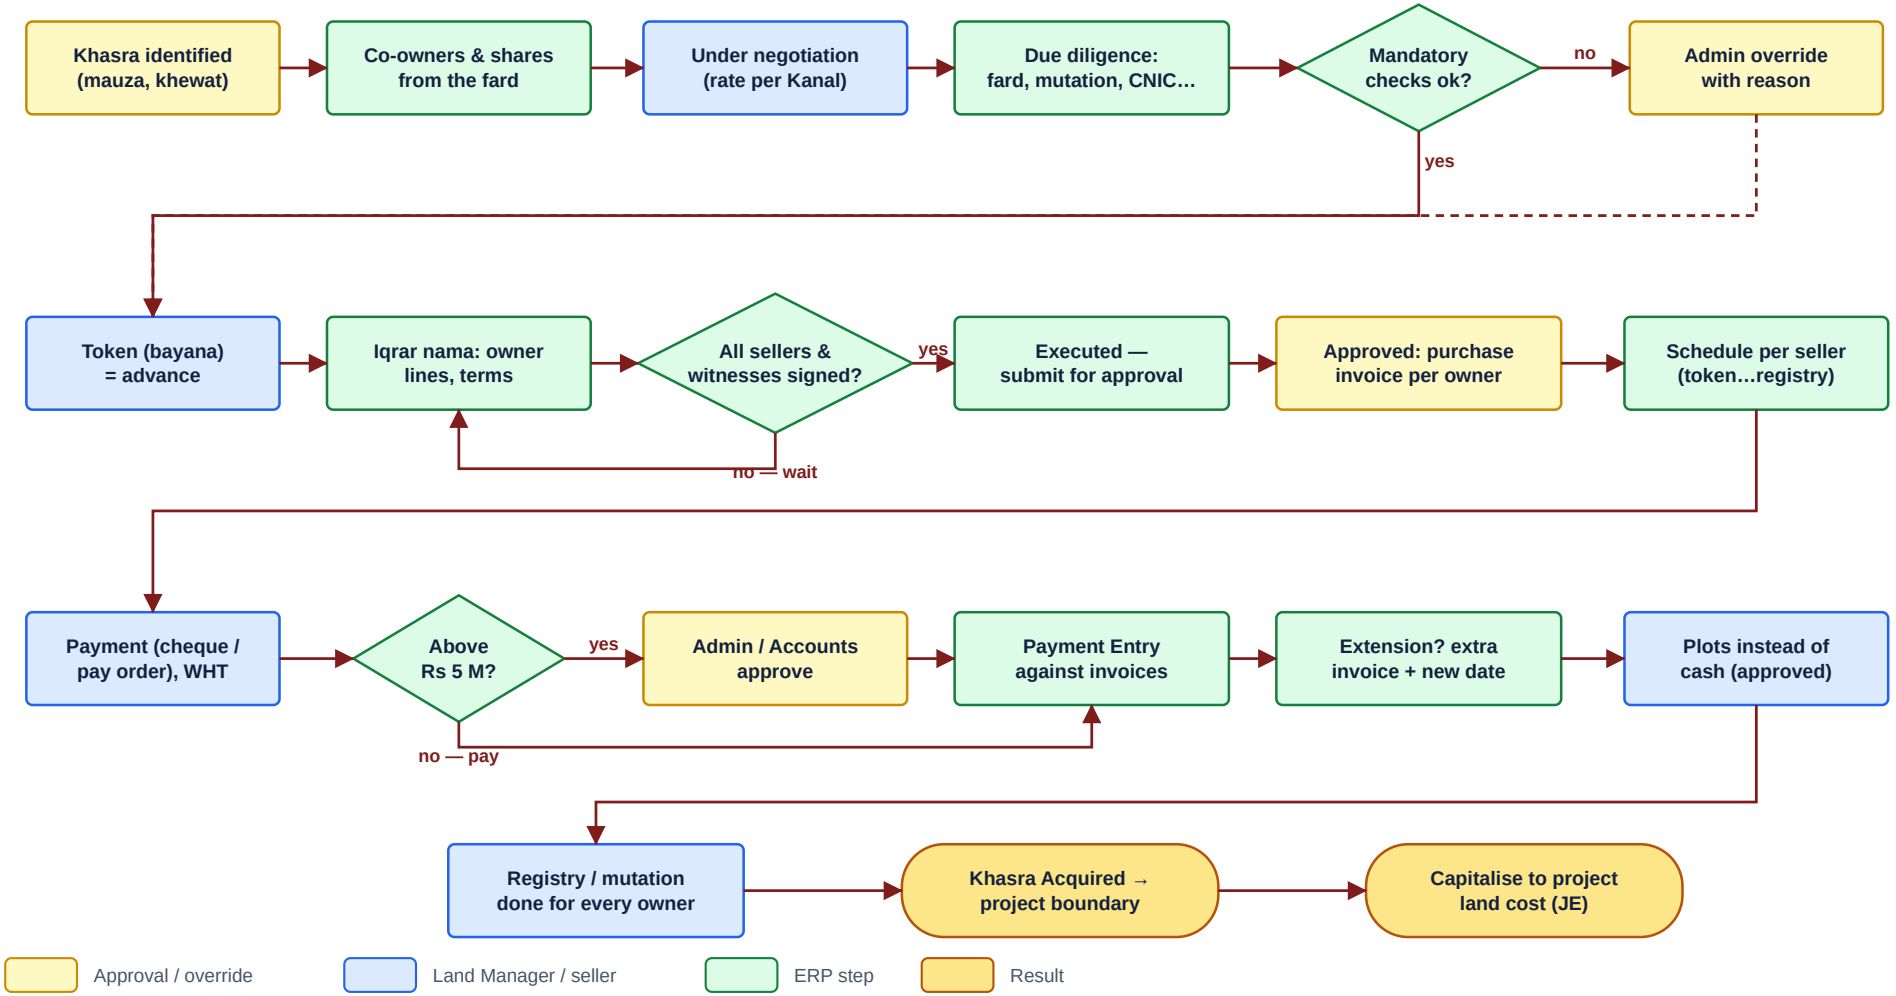

Khasra → diligence → deal → approval → payments / plots → registry

5 · DFD level 1 — land acquisition: khasras and co-owners, due diligence, the deal (iqrar nama), approval and invoices, seller payments, plot adjustments, registry and capitalisation.

Land purchase process flow

From a khasra on the ground to land cost in the project

6 · Land purchase process flow — co-owners from the fard, due diligence gate, the iqrar nama, approval and invoices, seller payments, registry and capitalisation.

DFD level 0 — sales & booking

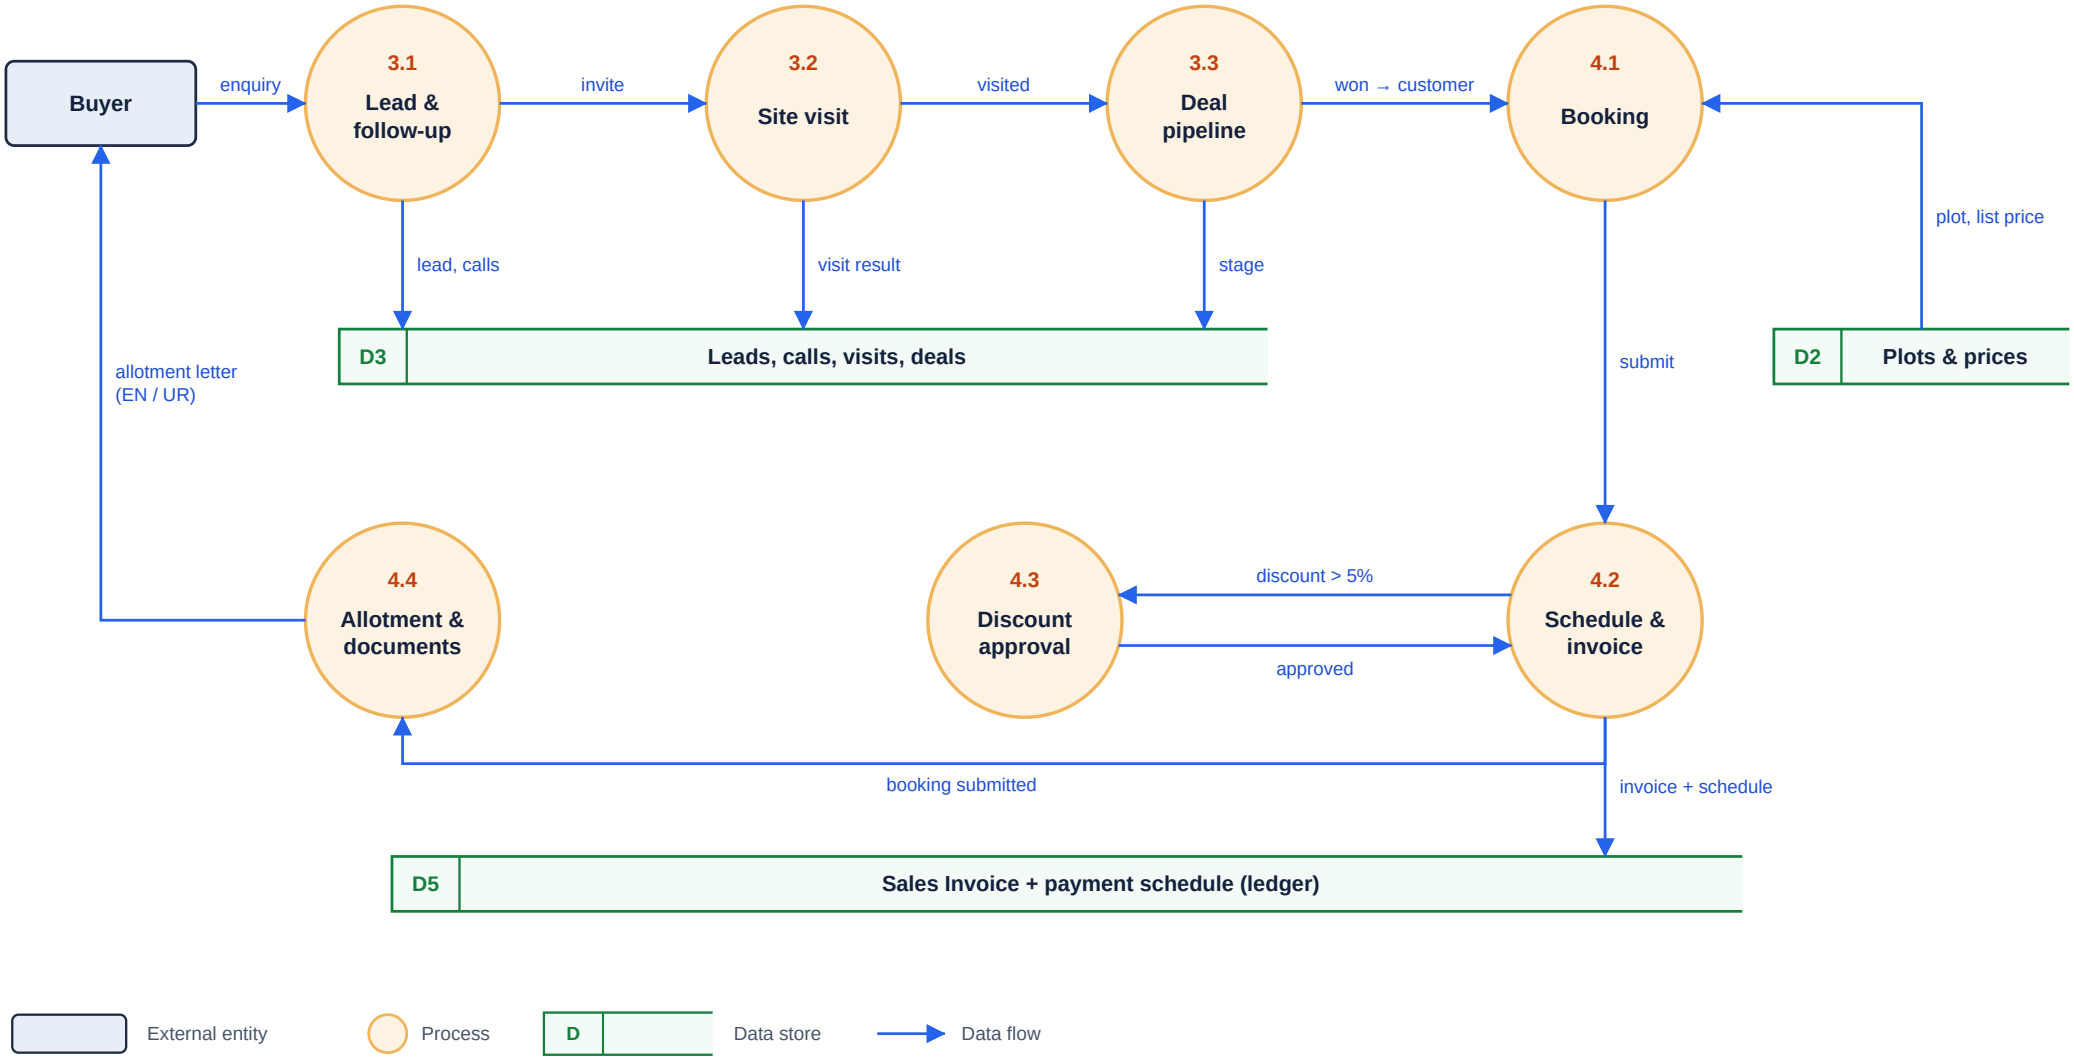

Leads, site visits, bookings and their invoices

7 · DFD level 0 — sales & booking in context: buyers, agents and dealers, the Sales Manager, WhatsApp, plot inventory, accounts and documents.

DFD level 1 — sales & booking

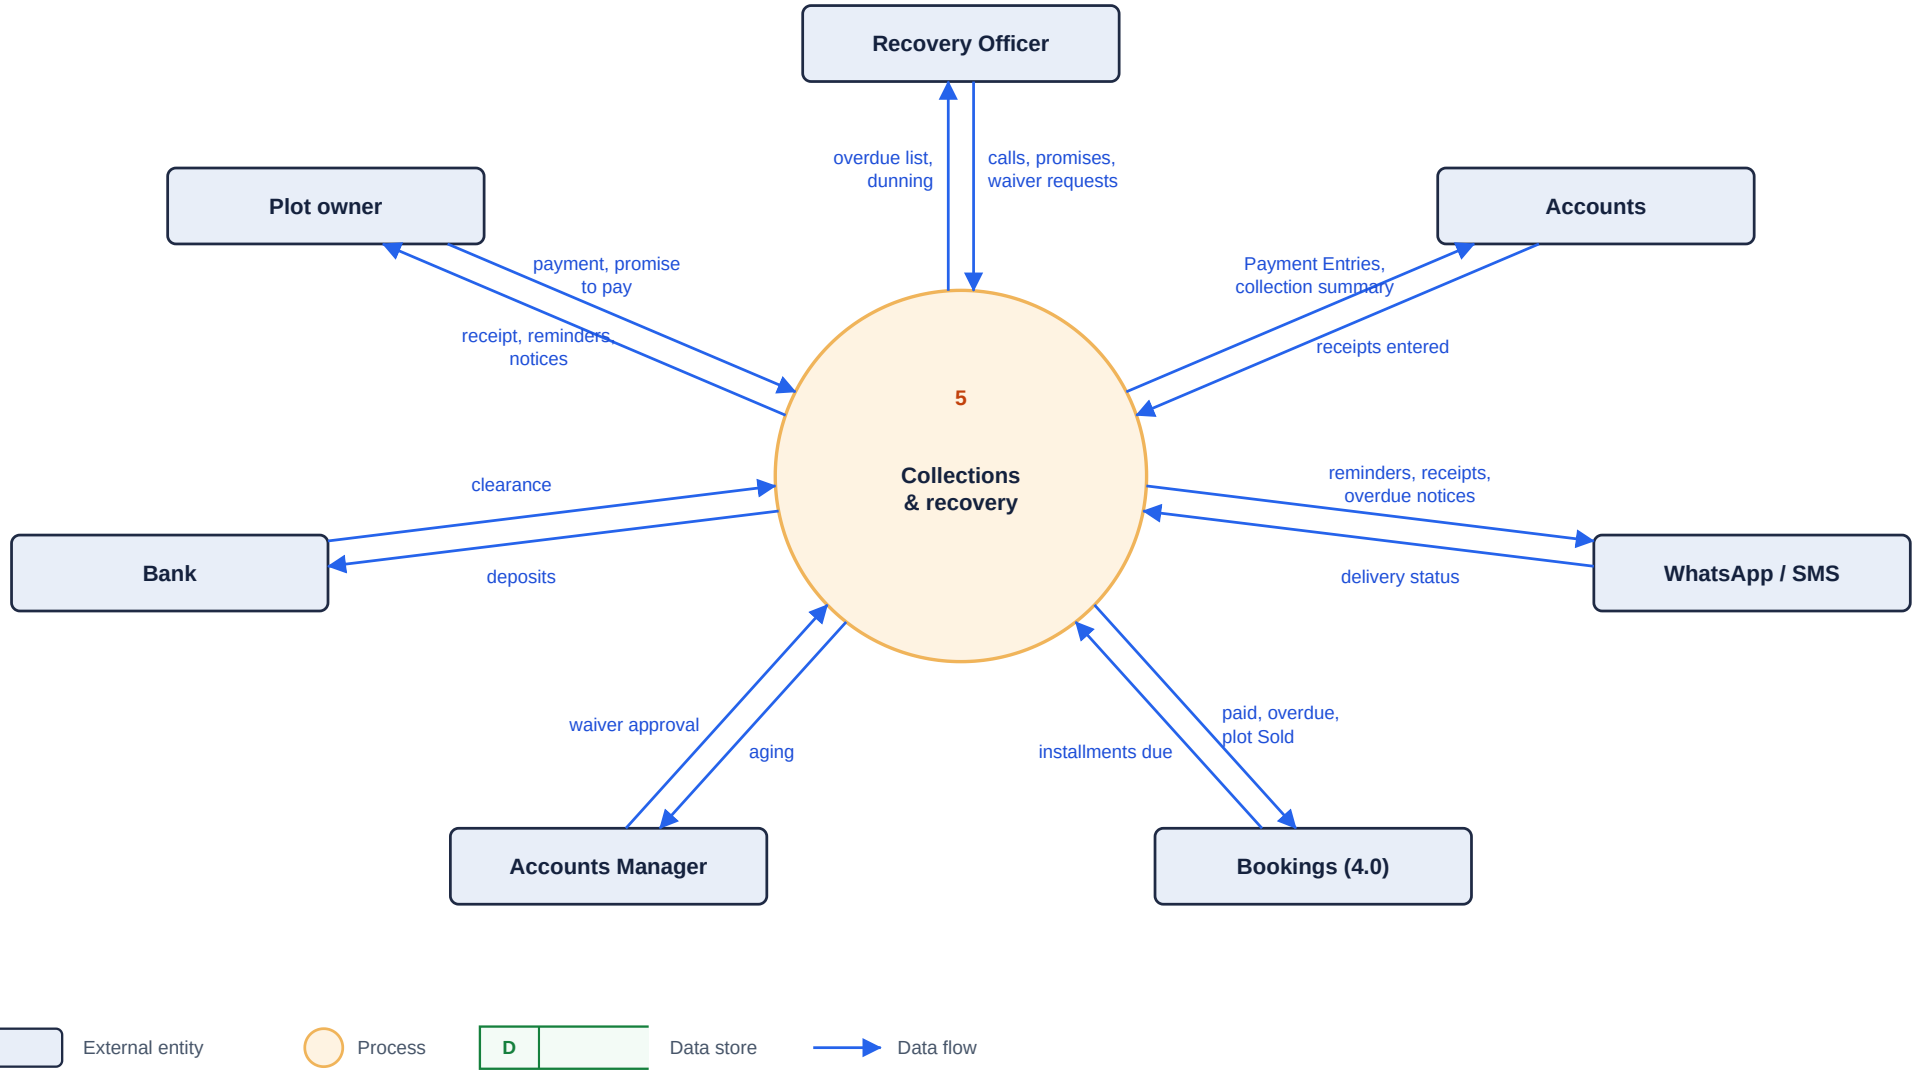

Lead → visit → deal → booking → schedule & invoice → allotment

8 · DFD level 1 — sales & booking: leads and follow-ups, site visits, the deal pipeline, booking, discount approval, the schedule and Sales Invoice, allotment.

DFD level 0 — collections & recovery

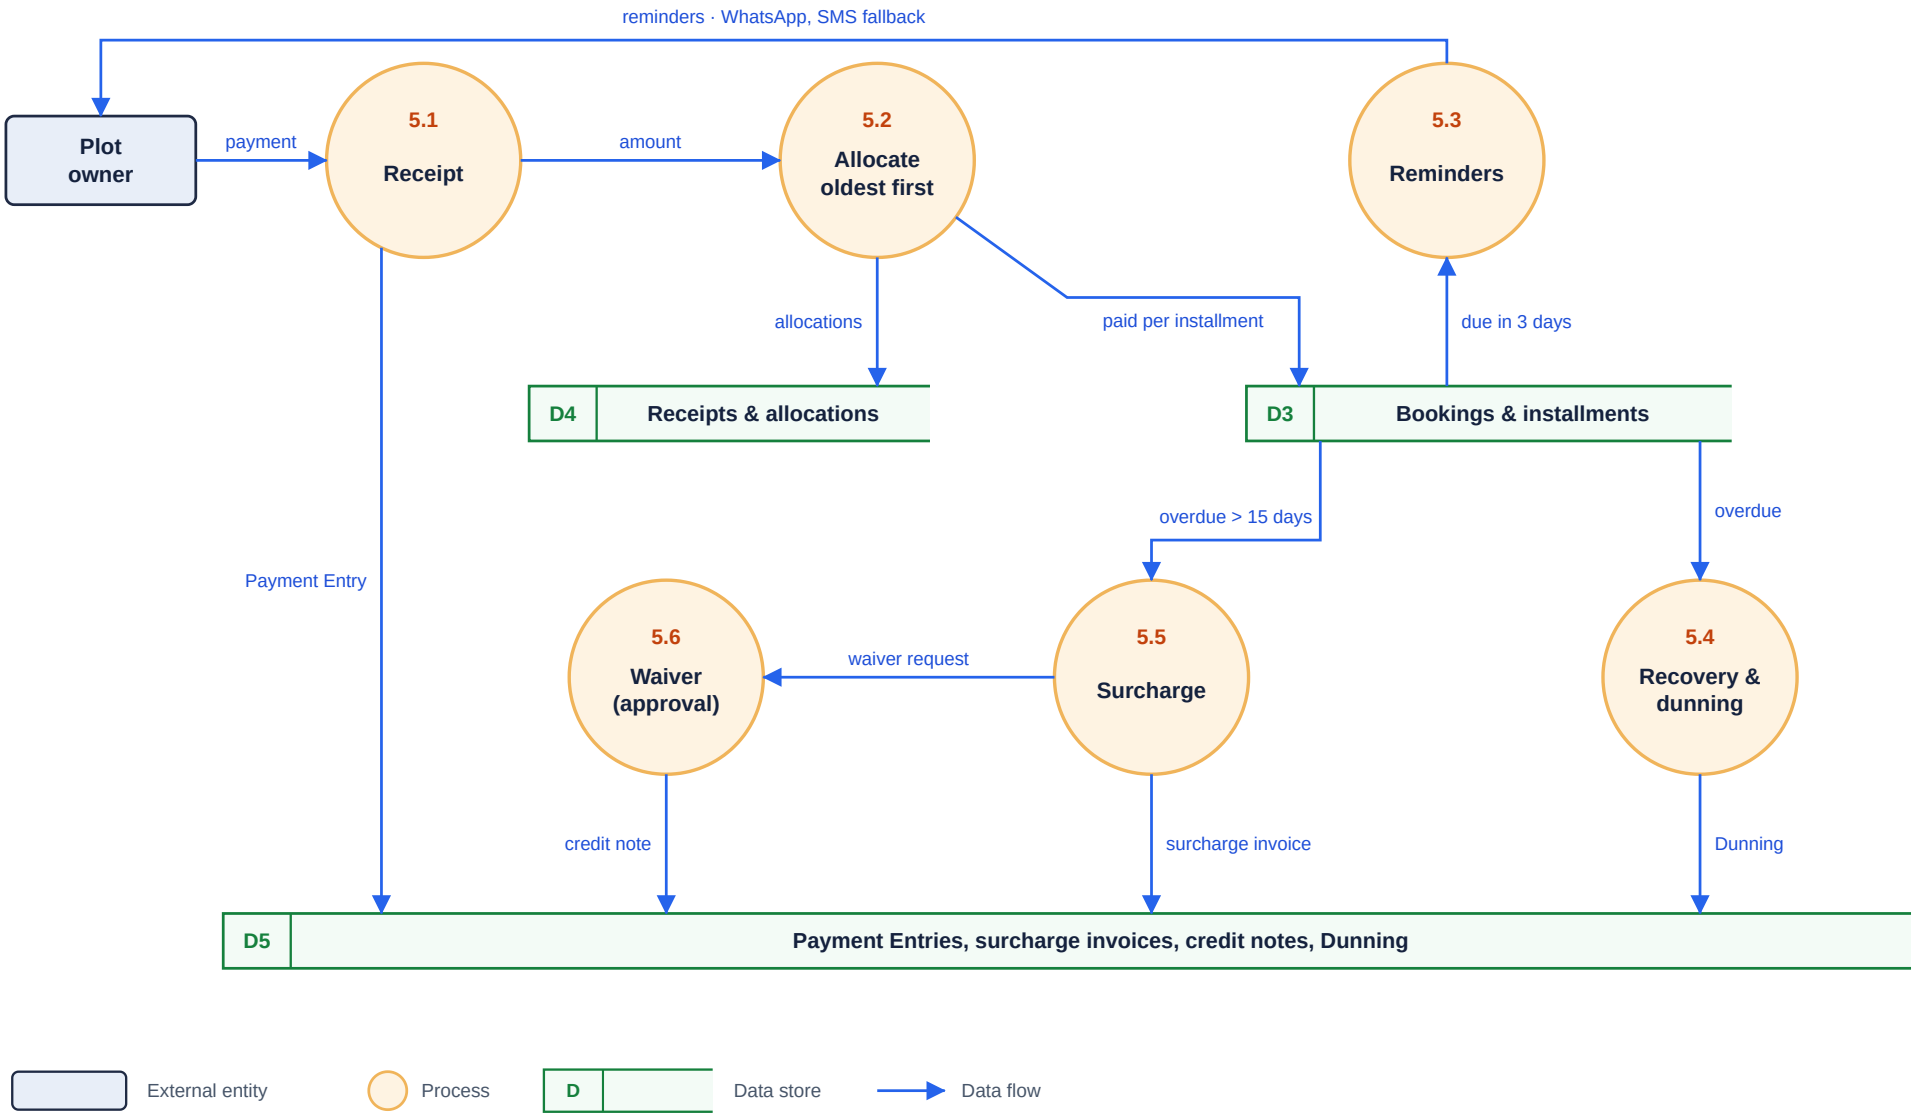

Receipts, reminders, surcharges and dunning

9 · DFD level 0 — collections & recovery in context: plot owners, recovery officers, accounts, bank, messaging, approvals and bookings.

DFD level 1 — collections & recovery

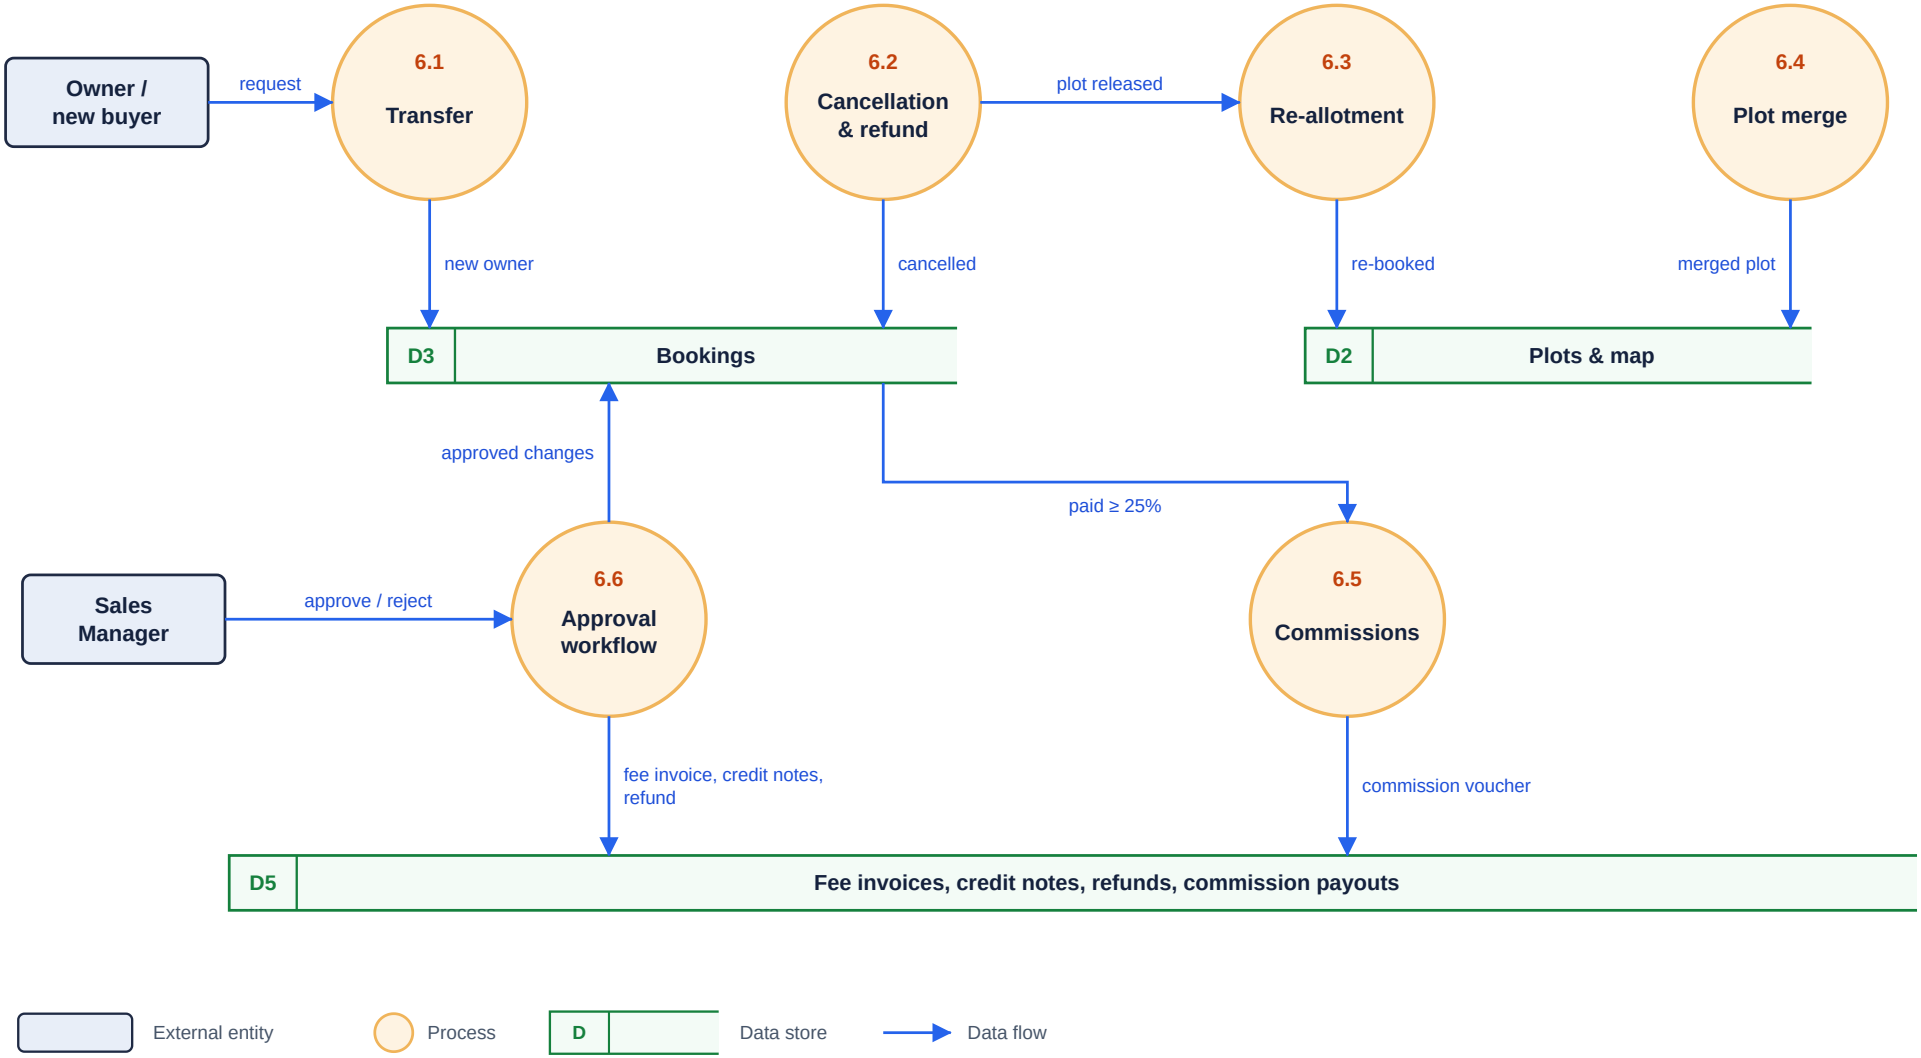

Receipt → allocation → reminders → surcharge → dunning → waiver

10 · DFD level 1 — collections & recovery: receipts allocated oldest-due first, reminders, monthly surcharge, recovery and dunning, waivers with approval.

DFD level 1 — post-sale operations

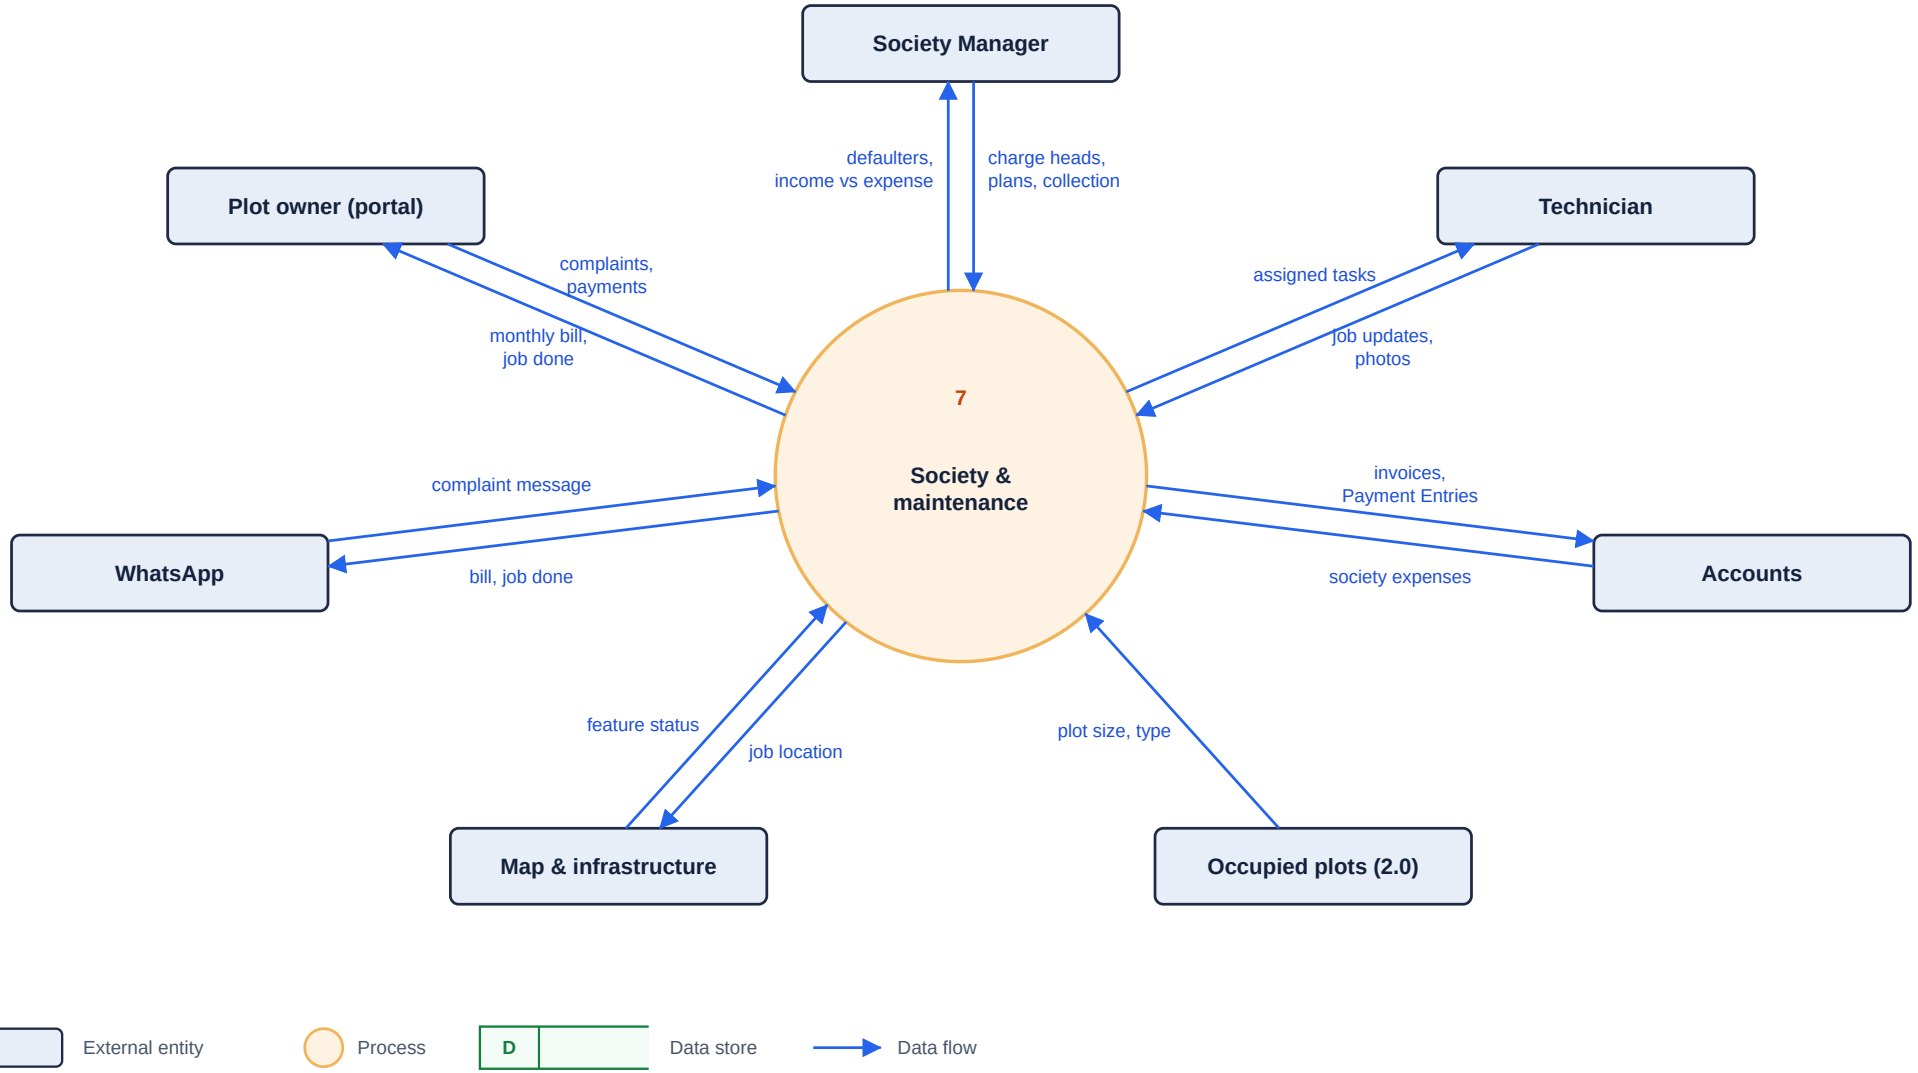

Transfers, cancellations, re-allotments, merges and commissions — all approved

11 · DFD level 1 — post-sale operations: transfer (no-dues check), cancellation and refund, re-allotment, plot merge, commissions — each through the approval workflow.

DFD level 0 — society & maintenance

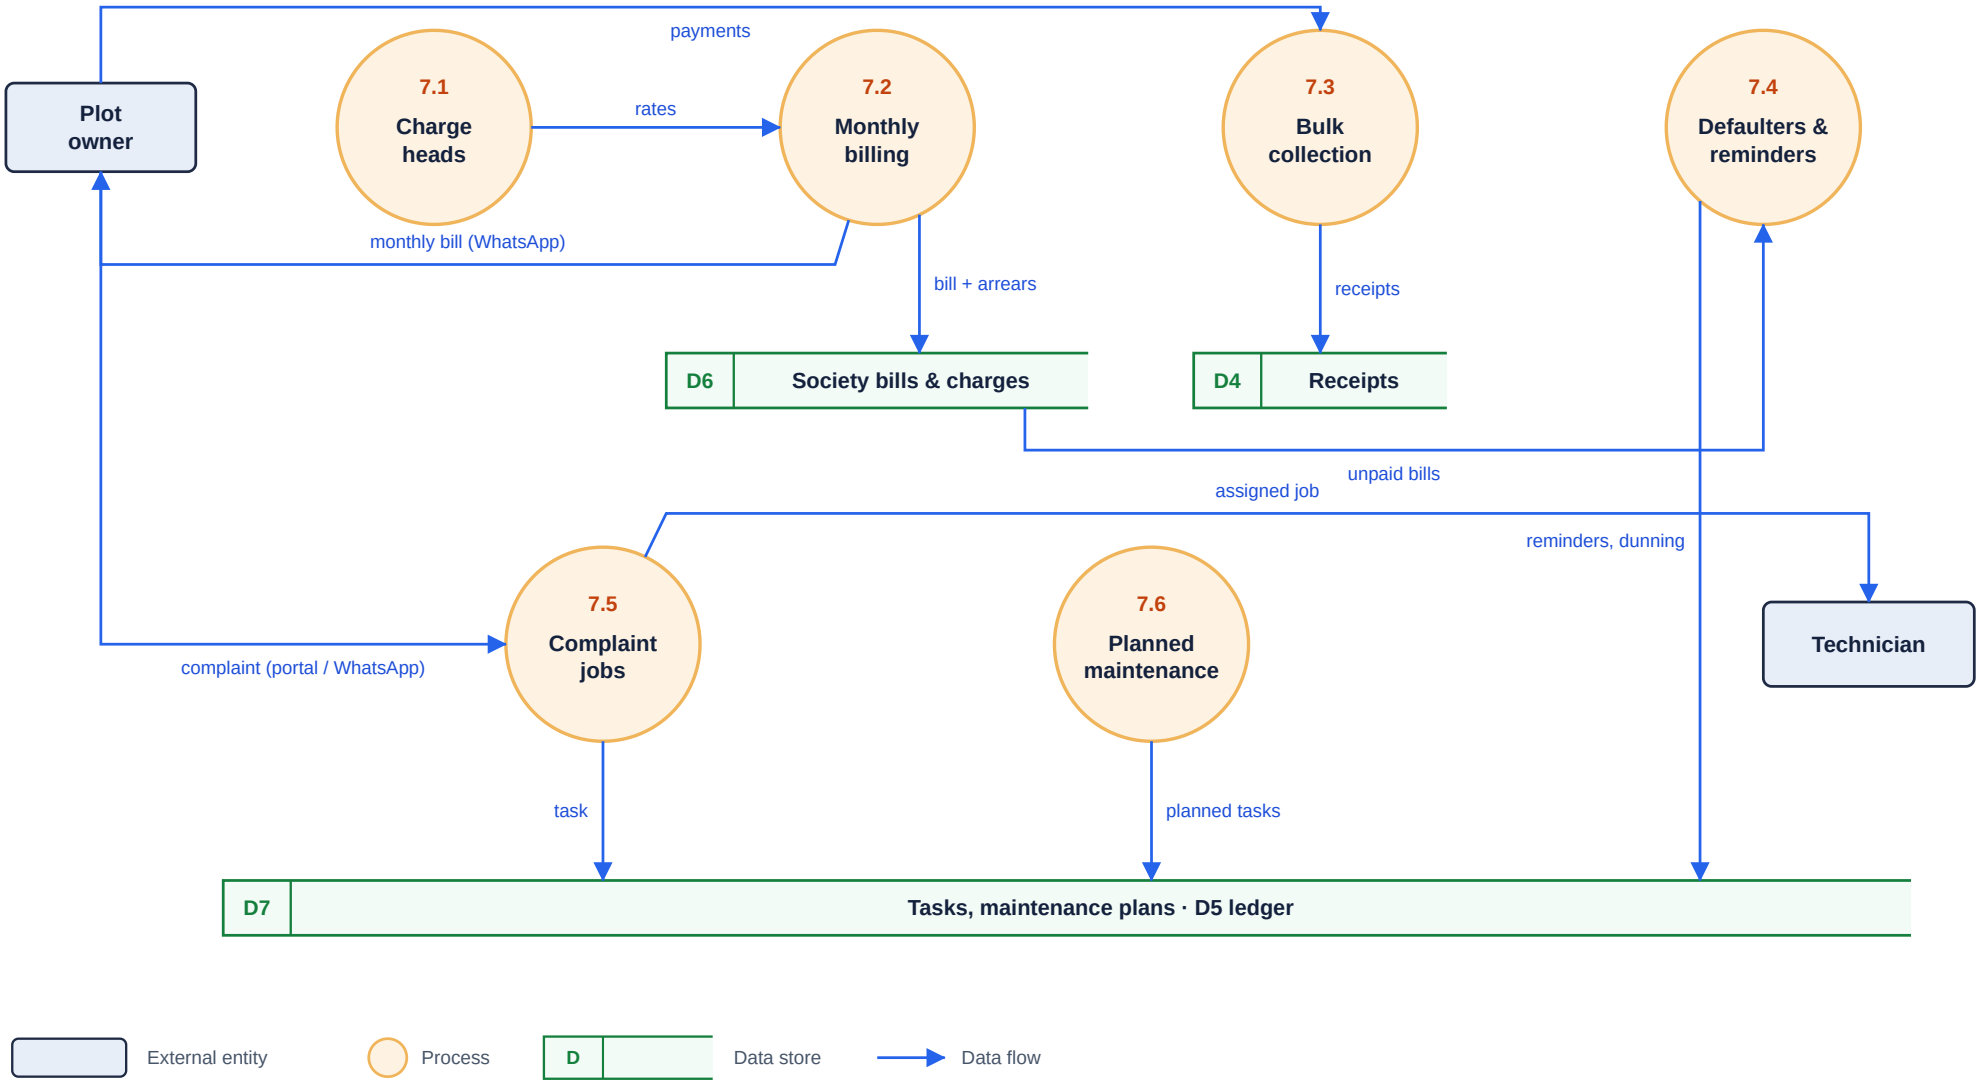

Monthly bills, collection, complaints and planned maintenance

12 · DFD level 0 — society & maintenance in context: owners, the Society Manager, technicians, WhatsApp, accounts, map features and occupied plots.

DFD level 1 — society & maintenance

Charge heads → bills → collection → defaulters · complaints → jobs

13 · DFD level 1 — society & maintenance: charge heads, monthly billing with arrears, bulk collection, defaulters, complaint jobs and planned maintenance.

DFD level 1 — development, stock & assets

Cost heads as Projects with budgets; buying, stock, assets and land cost
