ZARMEEN GARDENS REAL ESTATE ERP · COLLECTIONS GUIDE

Collections & recovery — receipts, reminders and surcharges

How installments are collected: receipts allocated oldest-due first, reminders before and after the due date, the monthly late-payment surcharge, recovery calls and dunning, and waivers with approval.

1 · Receipt
Cash, cheque, transfer

2 · Allocation
Oldest due first

3 · Reminders
WhatsApp, SMS fallback

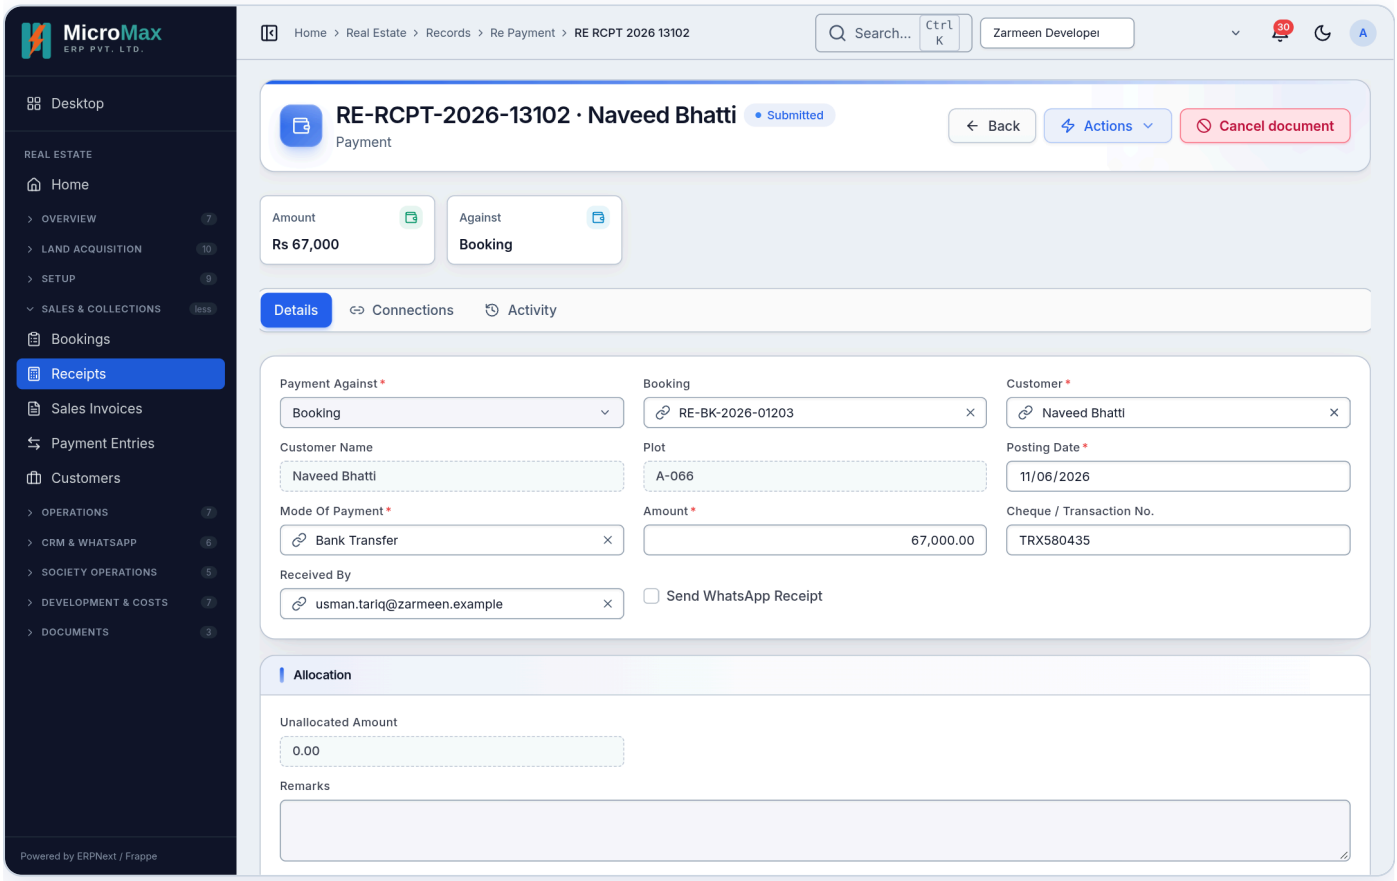

4 · Surcharge
After 15 days grace

5 · Recovery
Calls, dunning, waiver

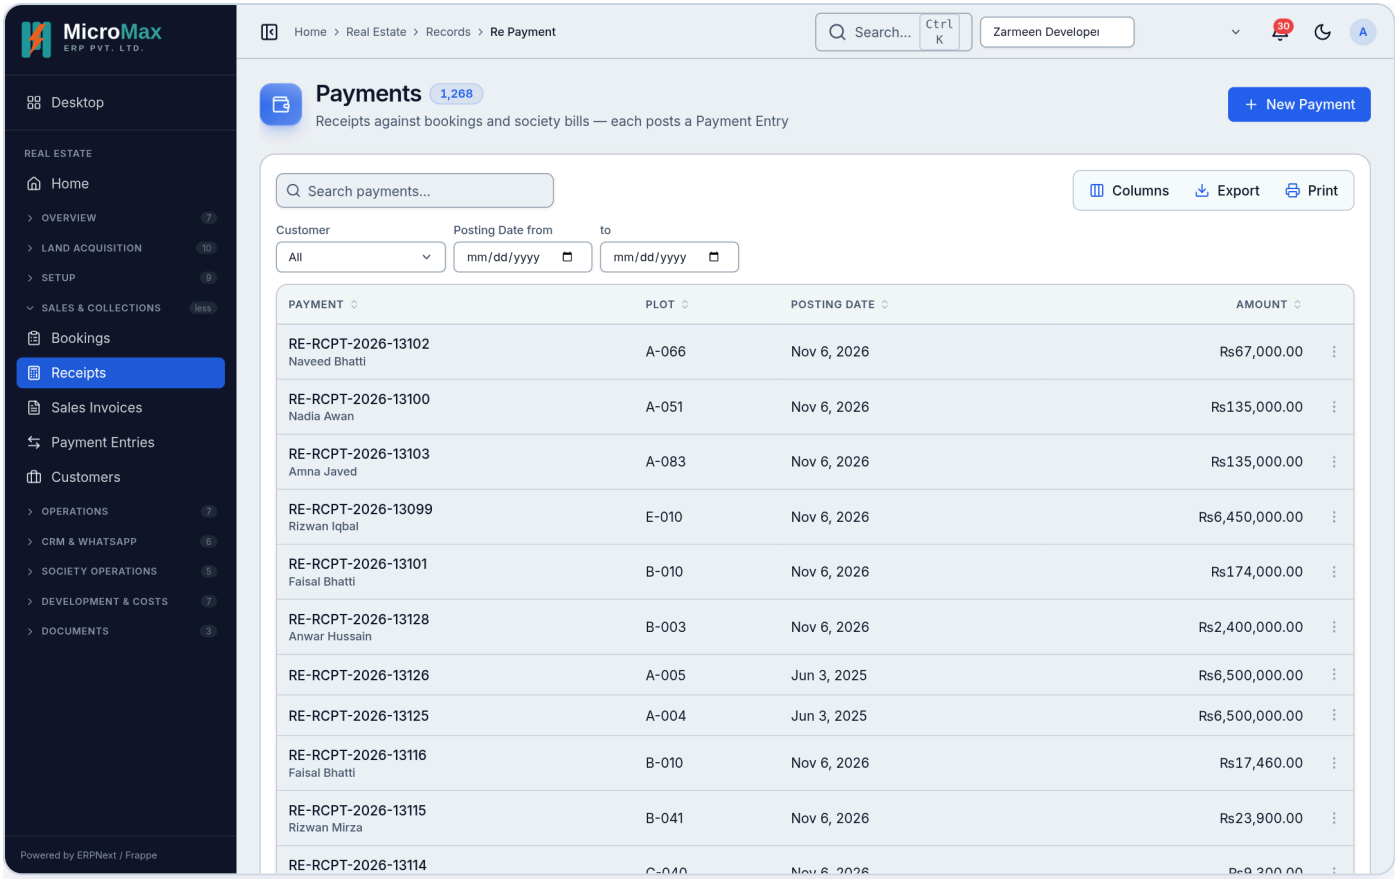

Who: Accounts, Recovery Officer, Accounts Manager (waivers).

1 Receiving a payment

1. **Receipts → New**: booking, amount, mode (cash, cheque, bank transfer) and reference.
2. The amount is allocated to the oldest unpaid installments first and a **Payment Entry** posts against the booking's Sales Invoice; a receipt with QR goes to the owner on WhatsApp.

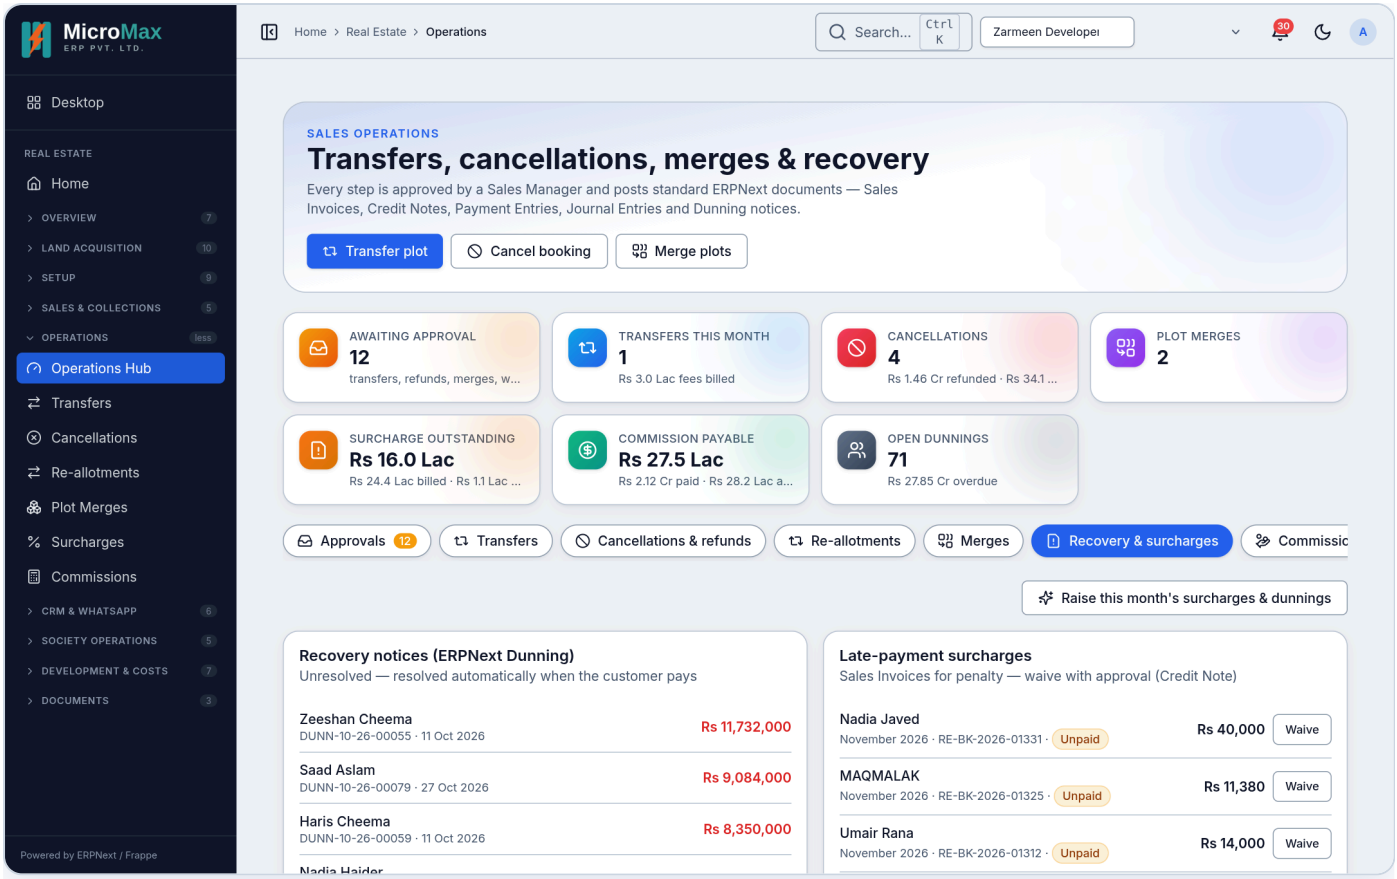

A receipt and its allocations.

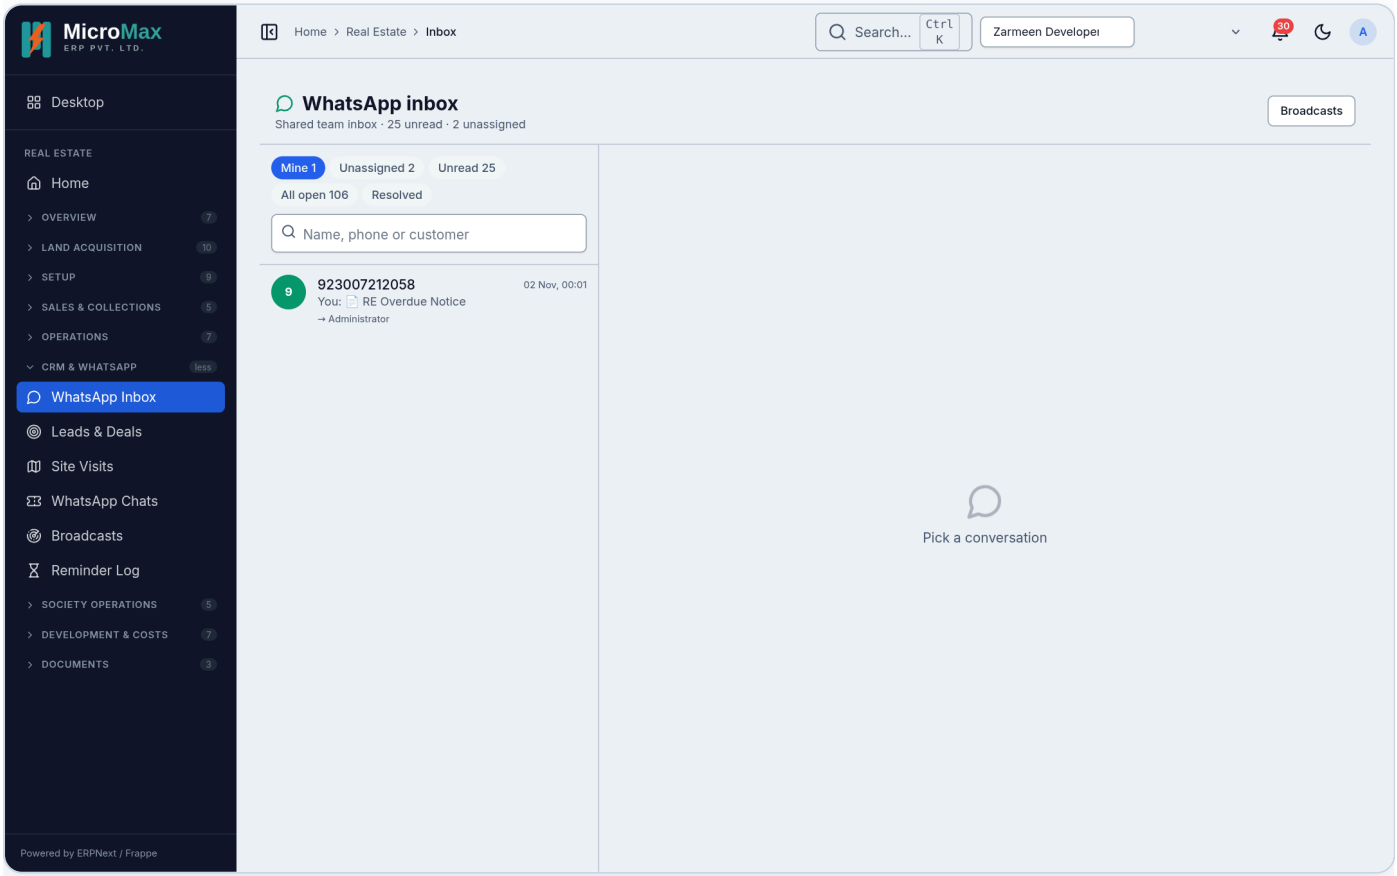

Receipts with amounts and modes.

2 Reminders, surcharges and recovery

1. Reminders go 3 days before a due date and overdue notices every 7 days — WhatsApp first, SMS if it fails.
2. After 15 days' grace a surcharge is raised monthly (2% of the overdue, minimum Rs 500, capped at 10%) as its own invoice.
3. **Operations → Recovery & surcharges**: dunning notices, surcharges and waivers; a waiver needs Accounts Manager approval and posts a credit note.

Recovery & surcharges — notices, surcharges and waivers.
