ZARMEEN GARDENS REAL ESTATE ERP · DOCUMENTS & REPORTS GUIDE

Documents & reports

Twenty-one documents on the letterhead with a QR code, in English or Urdu, kept as numbered versions; the document vault with expiry alerts; the dashboard and the report centre with charts, Excel and PDF.

1 · Generate
EN / اردو, versions

2 · Vault
Papers, expiry

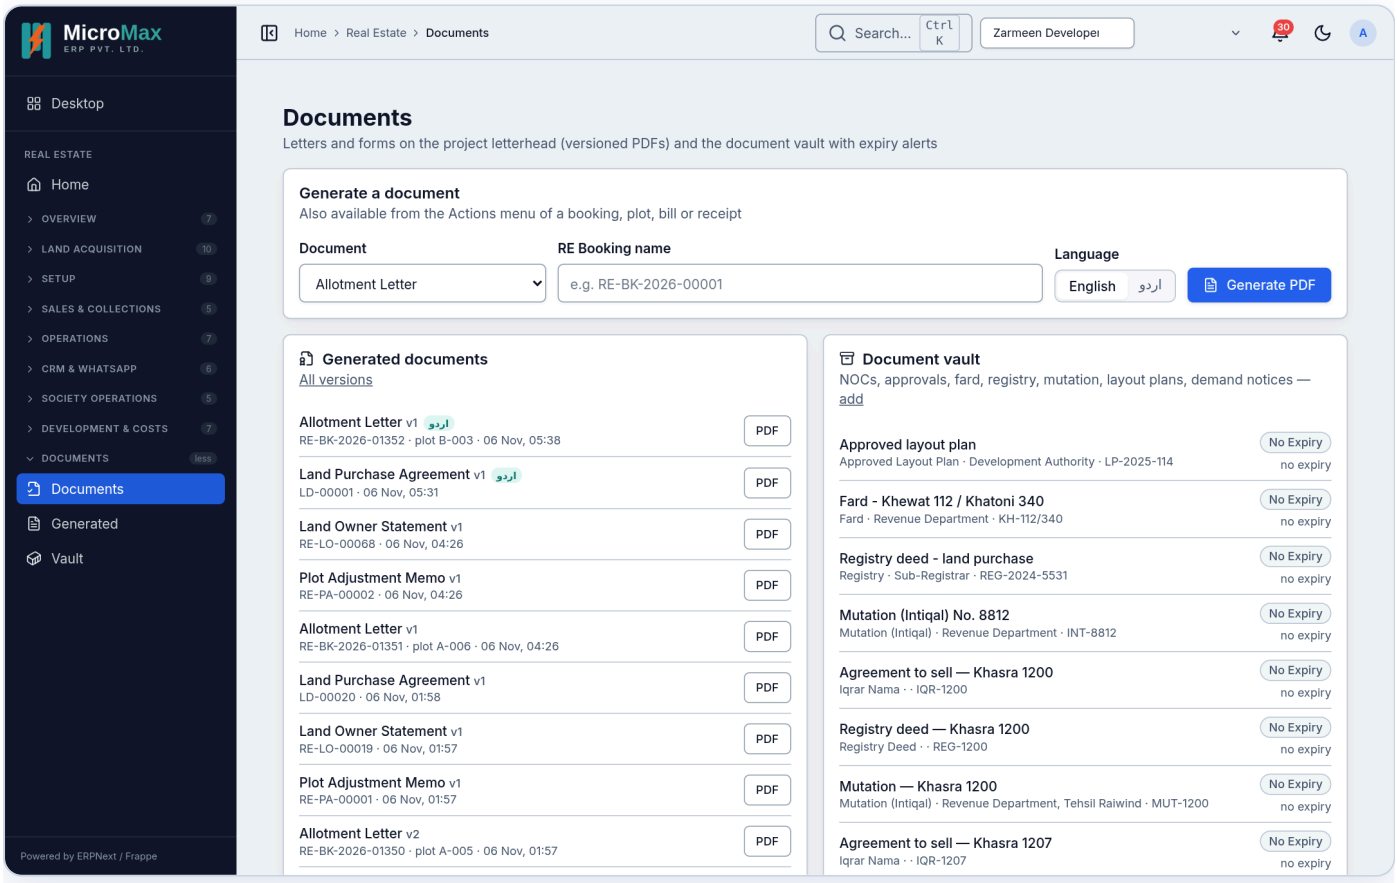

3 · Dashboard
KPIs, urgent queue

4 · Reports
Charts, Excel, PDF

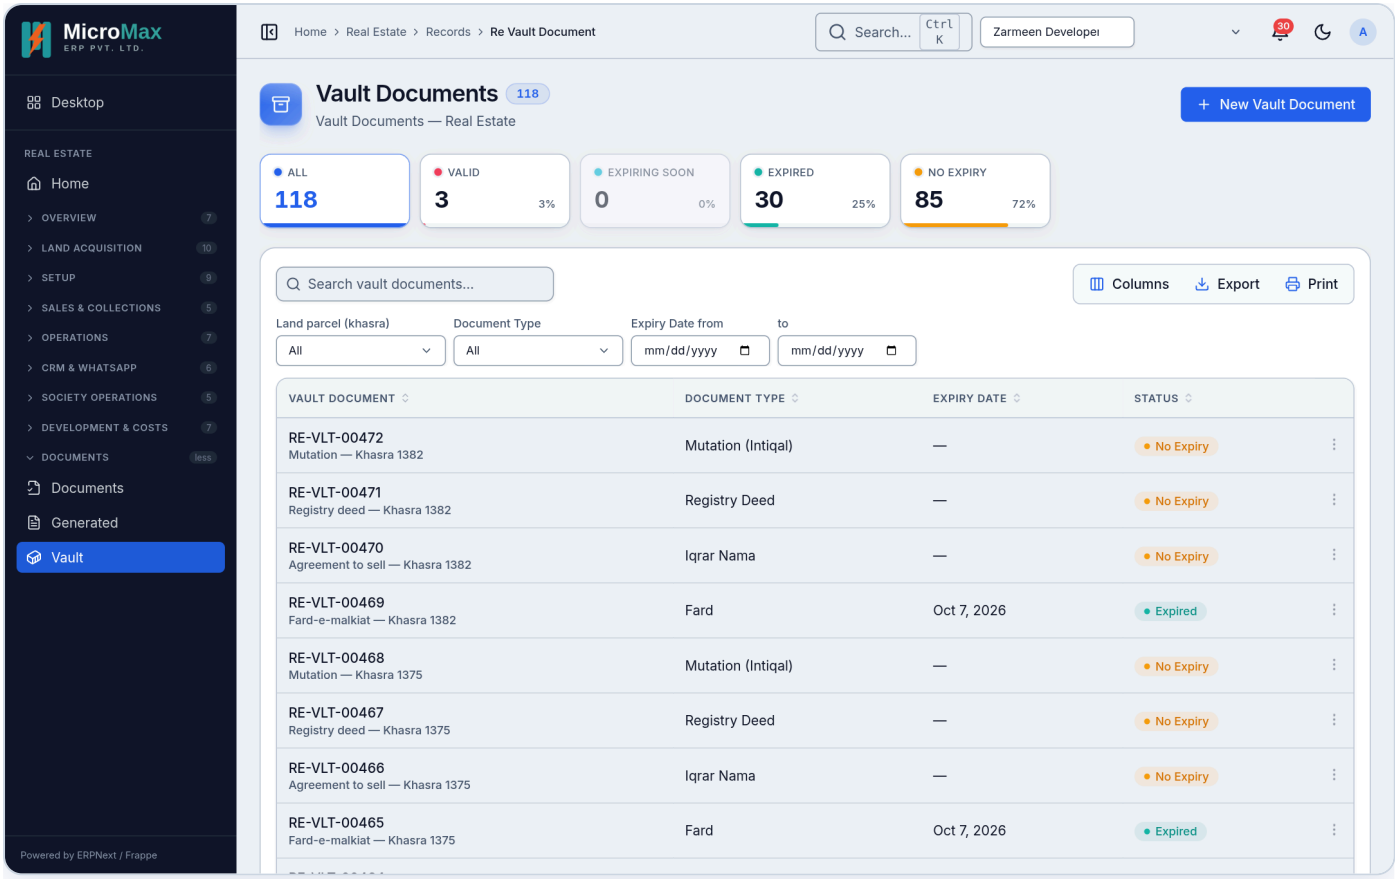

Who: Everyone, by role.

1 Documents and the vault

1. From any record: **Actions** → **Letters & forms** — pick the document and the language. Each run is a new version, attached to the record.
2. Land documents: agreement to sell (iqrar nama), seller receipts, final settlement, plot adjustment memo, land owner statement.
3. The **Vault** holds NOCs, approvals, fard, registry, mutation and other papers with expiry dates and renewal alerts.

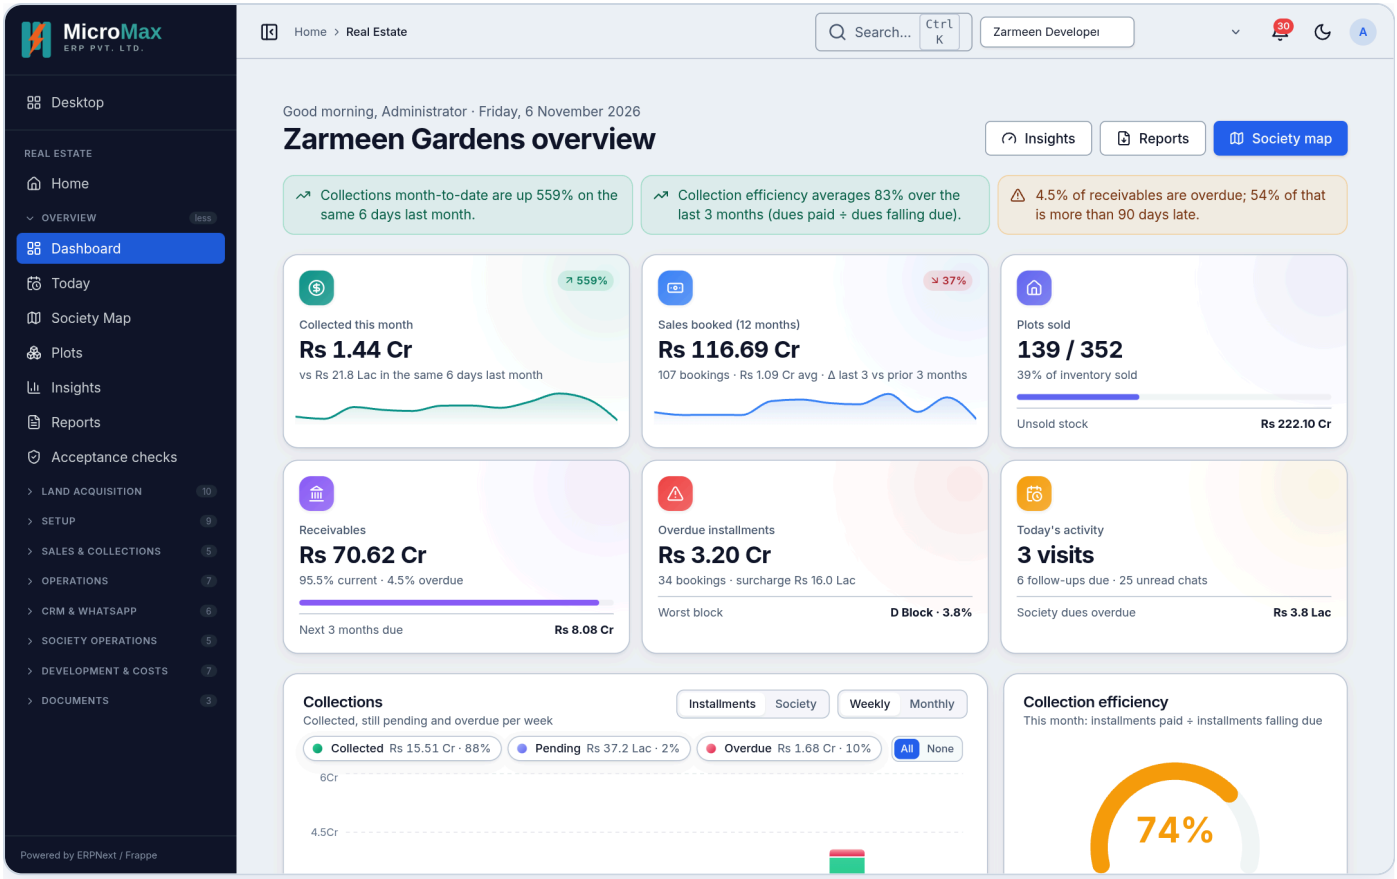

Documents — generate by type and reference.

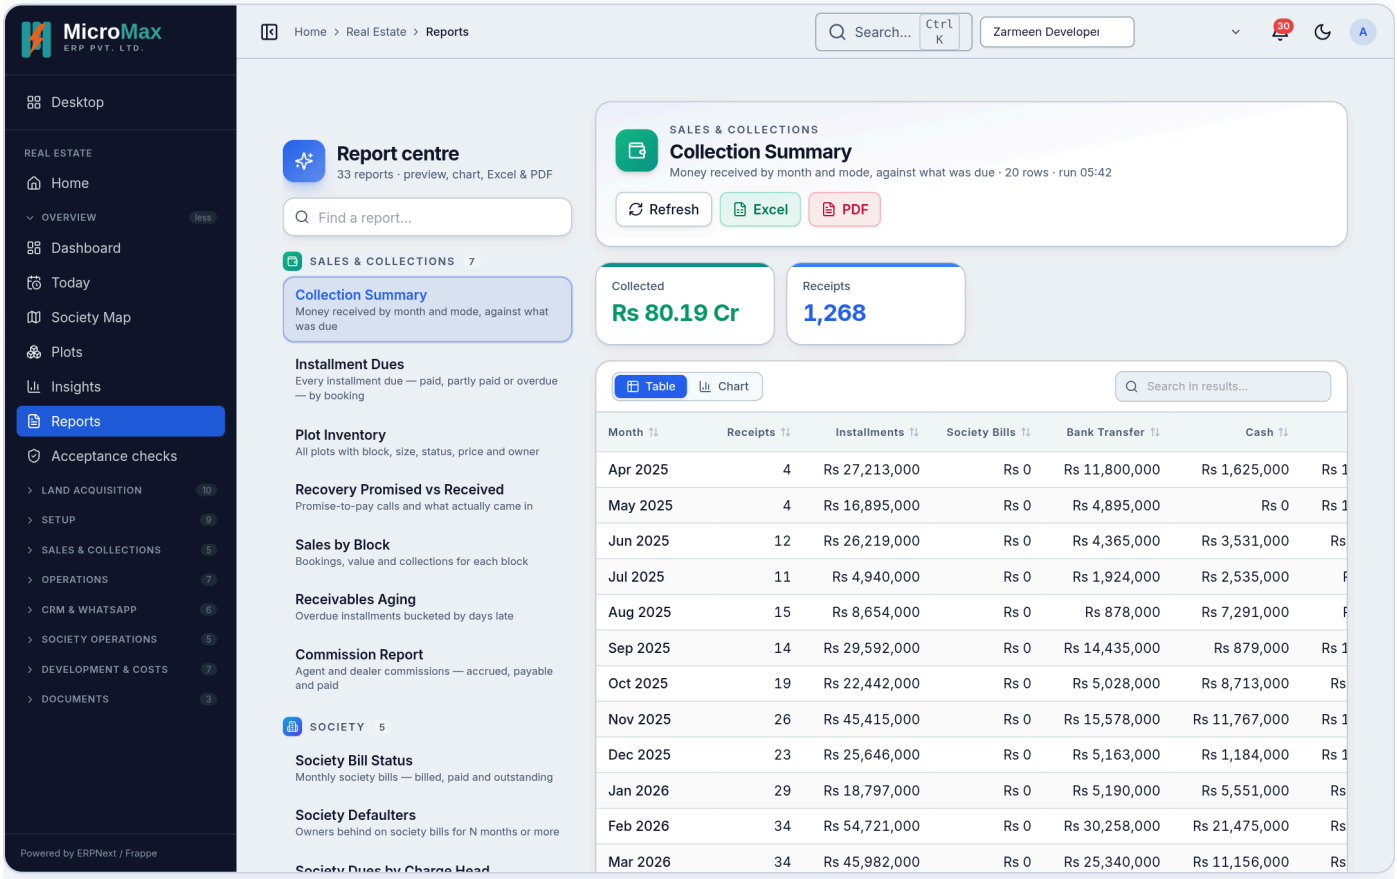

The document vault.

2 Dashboard and reports

1. The **Dashboard**: collections, sales, overdue and the urgent queue — complaints, documents, approvals and land (seller payments due, hearings).
2. The **Report centre**: every report with filters, summary, a sortable table, charts (bar, line, area, pie, donut, trend), Excel and PDF — including 14 land reports.

The dashboard.

The report centre with a chart.
